SUNDRY NEWS.

IMPORTANT SPEECH BY FEDERAL COUNCILLOR VON STEIGER.

On the occasion of an assembly that took place in Berne in celebration of the jubilee of the Constitution, Federal Councillor von Steiger, head of the Federal Department of Justice and Police, delivered an important address the significance of which was undoubtedly prompted by the events that recently took place in many countries of Eastern Europe. He referred to the important part played by the Canton of Berne during the foundation of the modern Confederation in 1848, and said that the Federal Constitution of the new Confederation is a masterpiece, the principal features of which are still in force today. He then continued - "Only in liberty can a people be educated to freedom. Liberty is a precious gift that should not be squandered. We shall defend it to the last, but we do not permit it to be used against freedom itself and against the security, honour and independence of our country. It is precisely on account of our having been educated in freedom that we are in a position to judge where in a true and orderly democracy the limits between right and misuse lie. Personal freedom must never mean the furtherance of one's own selfish interests, whilst other groups of the community are threatened in their economic existence or even when they are in need. In a democracy, blind obedience is replaced by a sense of responsibility. For those who are working against the liberty of our country, the freedom of opinion and expression only serves to further interests other than the true interests of their country. It usually begins with pilgrimages, manifestations of sympathy, telegrams and proclamations in favour of strange ideologies and how does it end in many countries? The right of free expression of opinion does not constitute a right for propaganda in favour of foreign ideologies and foreign states. It ends there where the activity is directed against ones own country; therefore, for the protection of the constitutional order, such propaganda as tends in an unlawful manner to bring about a change in the constitutional order of the Confederation and the Cantons, must be prohibited. Our way of life, our economic and social conditions, must be such that no one will find it attractive to follow the false prophets on their misguided path. Even though Switzerland co-operates wherever co-operation is required in the service of humanity and a reasonable economy, her policy of neutrality and independence must never be put in jeopardy. The necessity to be united in war and peace determines also the scope of the Cantonal sovereignty. Without independence of the Confederation there cannot be independent Cantons; without a free Switzerland there cannot be any freedom for the individual.

MILITARY AEROPLANES CRASH.

The military aeroplane that was engaged in observing the exercises of a regiment for the protection of the frontier, crashed near Oberegg. The observer, Lt. Emanuel Bruehlmann, born 1923, of St. Gallen, and the pilot, Cpl. Hans Giger, born 1926, of Zurich, were killed. A few days later our Air Force once more suffered a heavy loss through an emergency landing exercise near the aerodrome of Locarno, Maj. Pista Hitz, born 1910, instructing officer of the Air Force, and his pupil, Cpl. Willy Kiene, born 1926, of Vernier (Geneva) were killed. The cause of this tragic accident has not yet been determined. Maj. Hitz who had been in the service of the Air Force from 1937 was one of our best pilots; he played a prominent part in the rescue of the Americans who crashed on the Gauli Glacier last year.

A verfählti Spekulatio.

Es G'flüster ist omegange, ond alli händs g'löht,

ond dass mer doh ä chlii nohhelfe müess,
