Swiss Watching

Dead famous in Switzerland

by Diccon Bewes

When it comes to Switzerland, foreign celebrities are like elephants – they come here to die. Of course, the low rates of tax and high level of privacy might have something to do with it, but it is interesting how many stars are buried here. While their graves are strewn all across the country, they are particularly concentrated along the shores of Lake Geneva; in comparison, German-speaking Switzerland is relatively free of dead celebrities. Don't ask me why. It seemingly has little to do with language as few were native French speakers. In fact many were British-born. Perhaps it's just a low-tax variation of the British love-affair with France.

The list below is my pick of some the most famous foreigners buried in Switzerland. What's interesting is that most worked in the arts, and ten were authors, from literary heavyweights James Joyce (pictured) and Thomas Mann to pulp-fiction masters Alistair MacLean and James Hadley Chase. Although all were born abroad, some were Swiss by the time they died, eg Peter Ustinov and Hermann Hesse.

And while all of them will now remain Swiss, there is one corner of Switzerland that is forever England: in tiny Corsier-sur-Vevey cemetery, three great Britons are buried, with Charlie Chaplin laid to rest next-door to James Mason and over the way from Graham Greene. So if you are into a bit of cemetery tourism (don't laugh, it's astonishingly popular), Corsier is a good place to start, before
