TRAFFIC ACCIDENTS.

According to statistics traffic accidents in Switzerland are still alarmingly on the increase. It is to be regretted that the authorities in some of the cantons are too lenient towards motorists who cause these accidents — which often incur death or serious injuries.

Here is a typical example of misplaced leniency: The "Bezirkskommission" St. Gall passed sentence on three motorists who were for the second time summoned for driving when under the influence of alcohol. 1st: 14 days' imprisonment (conditional) and a fine of 300.— francs; 2nd: 14 days' imprisonment (conditional) and a fine of 150.— francs; 3rd: 8 days' imprisonment (conditional) and a fine of 150.— francs.

No wonder accidents are on the increase. (Ed.)

VARIOUS.

On 12th February 1958 the five-millionth passenger was carried from Gerschnialp to Trübsee. The services started in 1927, and this aerial cable way, which was then the first of its kind in Switzerland, has proved such a great success that for some time plans have been under consideration for increasing the transport capacity considerably. It appears that

improvements to the present installations would be too costly to be contemplated. The construction of a second aerial cable way is, therefore, under review.

A new aerial cable way was inaugurated at Davos recently. It is an extension to the Brämabüel cable way constructed in 1954 and leads from the Ischalp to the top of the Jakobshorn (8,505 ft.).

Local and national women's organisations are working at high pressure to get "SAFFA 1958" on its feet. This second exhibition, "The Swiss Woman, Her Life, Her Work", which is heading Switzerland's list of events for 1958, will take place in Zurich from 17th July to 15th September. The large-scale show will cover an area of more than one million square feet on the shores of lovely Lake Zurich. SAFFA 1958, planned and carried out exclusively by women, comprises eight sections and affords an excellent cross-section view of all spheres of the realm of women in general and Swiss women in particular. SAFFA is to feature many special attractions, such as an aerial cable way and a small diesel railway, a "shopping street", several typical restaurants, a night-club, a "men's paradise", an artificial island on the lake, etc. Quite a number of organisations from all over the world have already announced visits of delegations to SAFFA.

On 1st May 1958, revised conditions concerning the special fare concession granted by the Swiss Transport Undertakings to families (travelling together) will come into force. As from that date, the facility will only be available to families having their permanent residence in Switzerland.

COMMUNIQUE FROM THE SWISS EMBASSY.

Payment of compensation to victims of National-Socialist persecution.

In a first communiqué, dated 8th March, 1954, the Embassy informed the members of the Swiss Colony that a West German law had come into force on 1st October, 1953, providing for the payment of compensation to victims of National-Socialist persecution ("Bundesentschädigungsgesetz"). The applications for compensation had to be lodged with the German authorities concerned by 1st October, 1955.

A new law, which was an improvement on the former, was enacted with the same object on 29th June, 1956. Under it claims could have been submitted until 1st October, 1957.

This period has now been extended to 1st April, 1958.

However, to be qualified to claim, a victim of persecution must still have had his domicile or permanent residence in the territory of the Federal Republic of Germany or of West Berlin on 1st January, 1947. Should one entitled to claim have died before 1st January, 1947, or have emigrated, been deported or expelled, it will then be sufficient that he had his last domicile or permanent residence in the said territories.

Repayment of cash liabilities.

A West German law came into force on 19th July, 1957, concerning the obligation of the German Reich and of semi-official bodies to repay cash liabilities ("Bundesrückerstattungsgesetz"). *Applications for such payments must be submitted to the German authorities concerned not later than by 1st April, 1958.*

* * *

The Swiss Embassy in London and the Swiss Consulate in Manchester will gladly give further details about the above-mentioned laws to Swiss nationals who may be interested.
