ACKNOWLEDGEMENTS

In the first place the writer wishes to express his deep gratitude to the U.S. Public Health Service for having awarded him a Research Grant which made his research and the publication of its results possible. In this connection he wishes to thank Dr. J. ALLEN SCOTT, who took care of the Grant and arranged for additional time to complete the work.

While the writer gratefully realizes that his research could not have been carried out without the financial support of the Grant, he wishes at the same time to thank sincerely Prof. R. GEIGY, Director of the Swiss Tropical Institute at Basle, for his permission to prepare the manuscript in his Institute and to utilize its library facilities.

He likewise thanks Miss R. GRETER, Basle, for having prepared the Index of Names and having typed the manuscript, Mrs. B. BEGELSBACHER-FISCHER, Basle, for having checked the English of the manuscript and Prof. F. MEIER, Basle, who examined and corrected the writing of Arabic names.

The writer's thanks are furthermore due to a great number of persons who by supplying publications, references, photostats, photographs and information of various kinds greatly helped him in many ways. Among them should be especially mentioned:

U.S.A.
