Nutzungsbedingungen

Die ETH-Bibliothek ist die Anbieterin der digitalisierten Zeitschriften auf E-Periodica. Sie besitzt keine Urheberrechte an den Zeitschriften und ist nicht verantwortlich für deren Inhalte. Die Rechte liegen in der Regel bei den Herausgebern beziehungsweise den externen Rechteinhabern. Das Veröffentlichen von Bildern in Print- und Online-Publikationen sowie auf Social Media-Kanälen oder Webseiten ist nur mit vorheriger Genehmigung der Rechteinhaber erlaubt. [Mehr erfahren](#)

Conditions d'utilisation

L'ETH Library est le fournisseur des revues numérisées. Elle ne détient aucun droit d'auteur sur les revues et n'est pas responsable de leur contenu. En règle générale, les droits sont détenus par les éditeurs ou les détenteurs de droits externes. La reproduction d'images dans des publications imprimées ou en ligne ainsi que sur des canaux de médias sociaux ou des sites web n'est autorisée qu'avec l'accord préalable des détenteurs des droits. Instructions to authors

Manuscripts in English, German or French should be submitted in duplicate (i.e. the original with one copy, and two sets of illustrations) to Acta Tropica, Swiss Tropical Institute, Socinstr. 57, CH-4051 Basel, Switzerland. They will be sent, as a rule, to two referees inside or outside the country. The decision to accept, revise, or refuse a paper will be made by the editors. The editors assume that papers submitted to Acta Tropica have not been and will not be published elsewhere.

The *manuscripts* should be typewritten double-spaced with a wide margin. Original papers should not exceed 12 printed pages including tables and figures (24 typewritten pages of 32 lines of 60 letters). Exceptionally, the editors may accept larger manuscripts.

A short and precise *summary*, only in English, should precede the article and contain the essential information. For papers written in German or French the summary should be more detailed.

Original papers should, as far as possible, be organized as follows: Summary – Key Words – Introduction – Material and Methods – Results – Discussion – Acknowledgments – References.

Short communications may not exceed 2 printed pages including illustrations.

Bibliographical references should be arranged at the end of the manuscript in alphabetical order of the authors and numbered, featuring name and initials of authors, full title of paper, name of journal abbreviated in accordance with the list «World Medical Periodicals» of the World Health Organization, followed by volume, page(s), and year of publication. For books, the name and address of the publishers should also be mentioned.

Examples:

1. Peters W.: Chemotherapy and drug resistance in malaria. Academic Press, London/New York 1970.
2. Rakusin W.: Ocular myiasis interna caused by the sheep nasal bot fly (*Oestrus ovis* L.). S. Afr. med. J. 44, 1155–1162 (1970).
3. Weitz B.: Methods of identifying the bloodmeals of *Glossina*. In: The African trypanosomiasis, ed. by H. W. Mulligan, p. 416–423. George Allen & Unwin Ltd., London 1970.

Tables and figures should be added to the manuscript on separate sheets and numbered, headings and legends being on a special sheet. In view of production costs, the number of figures and tables must be restricted to an irreducible minimum. The publisher can accept only 3–4 pages of half-tone illustrations per article at his expense. Additional half-tone pages will be charged for at a rate of sFr. 100.– per page. Color plates can be reproduced only as an exception and at the author's expense.

Photographs should be presented on glossy paper in two complete sets. In the first set labels and explanatory marks to be added should be indicated with black or white transfer letters or with ink. As far as possible photographs should be arranged into groups and mounted on a white board so that they can be easily reproduced in the way shown in this review (type area: 11.7 × 17.6 cm). The second set will consist simply of the photographs, unmounted, with no additions at all, only numbered on the back.

The complete *postal address* of the authors must be indicated.

Galley proofs will be sent to the authors for correction. Author's corrections up to 10% of the cost of composition are paid for by the publishers; additional corrections at the author's expense. Proofs are to be returned within the time limit indicated; otherwise publication may be delayed.

The publishers will produce 50 *reprints* of each paper without cover free of charge. Further copies will be provided at the rates indicated in the order form you will receive with the galley proofs.

1

LA SOCIÉTÉ DES ACAROLOGUES
DE LANGUE FRANÇAISE (SALF)

organises lectures and practical work on general Acarology
for undergraduate students, in Neuchâtel (Switzerland)
from September 19th to October 1st, 1977
(Language is French)

2

THE ZOOLOGICAL INSTITUTE OF NEUCHÂTEL

organises lectures, practical work and symposium on Ticks
for graduates, parasitologists, etc.
from September 19th–24th, 1977
Subjects are: taxonomy, morphology, histology (including
ultrastructure), physiology, host-specificity,
transmission of diseases.
(Languages are English and French)

For information and inscriptions, concerning one or both events, please contact:
