HelveticAll **comprehensive catalogue**

The new comprehensive catalogue, *HelveticAll*, which has been available online since March 2022, offers users direct access via a portal to the Swiss National Library's most important catalogues and databases. This new access makes it even easier to search for and order publications.

Until early 2022, the Swiss National Library provided access to its extensive collections via various catalogues and databases. For technical reasons, however, a search of all catalogues was not possible. In March 2022, the Swiss National Library made an important step forward in terms of accessibility by introducing the *HelveticAll* comprehensive catalogue, which makes it much easier for users to search for and order publications.

The new portal provides users with direct access to the Swiss National Library's most important catalogues and databases, such as *Helveticat*, *Catalogue of the Association Swiss Poster Collections*, *Bibliography of Swiss History Database*, *Swiss National Sound Archives Catalogue*, *HelveticArchives* (in part) and *e-Periodica*.

Users can access online content, order documents and display information from selected catalogues by clicking links. The existing catalogues are still accessible and have not been replaced by *HelveticAll*. Through the new comprehensive catalogue *HelveticAll*, the Swiss National Library has made access to its collections more user friendly and optimised joined-up research.
