Communications from the Secretariat of the Swiss Abroad

Swiss National Day Collection 1984 in favour of the Swiss Abroad

Every First of August, the Swiss people celebrate the foundation of the Confederation. 693 years ago, the first confederates united and vowed to assist one another in need and peril. By this act of solidarity they reached their common goal: independence and freedom. At the same time, they created the basis of our present State.

The Foundation «Schweizerische Bundesfeierspende» – «Le Don de la Fête Nationale» aims at keeping and developing the same great idea of mutual assistance.

For this reason, an appeal goes out to the Swiss people ever since 1910, the year of its creation, to support some undertaking which benefits the Swiss community. The means of collecting funds are known to everybody (the special National Day Badge since 1923 and the National Day PRO PATRIA postage stamps since 1938).

This year, the bulk of the money collected will go to bodies working in favour of Swiss nationals living abroad; this has been done every 6 or 7 years since 1924. The Organization of the Swiss Abroad and its permanent secretariat in Berne and the Committee to help Swiss schools abroad are the chief recipients.

Dear compatriots abroad, please remember to do your bit and support the organizations which are working for you, by buying the National Day Badges (Swiss francs 2.-) and PRO PATRIA stamps. Don't forget to remind your relatives and friends in Switzerland to make a special effort.

This year, the first of four remarkable series of PRO PATRIA stamps will be issued, which depict art treasures from Swiss museums. This year's series is dedicated to four superb tiled stoves which one may admire at the Swiss National Museum in Zurich, at the Freuler House in Naefels, at

the Greyerz Museum in Bulle and at the Ariana Museum in Geneva respectively.

We should like to stress again that in 1984, 90% of the surcharge on the PRO PATRIA stamps will be for the benefit of the Swiss abroad.

Orders for PRO PATRIA stamps should be sent to:

Secretariat of the Swiss Abroad
Alpenstrasse 26
3000 Berne 16, Switzerland

Please enclose cheque or other means of payment according to your country of residence.

Basler «Leckerli» all over the world

Five generations already have devoted their efforts to this delicious crunchy Basle speciality, and with equal pleasure we also look after its dispatch to all corners of the globe.

Our «Leckerli» are packed in a tin, which we dedicated to the Historical Museum in Basle on its reopening. The medieval church at the «Barfüsserplatz», which houses the museum has been completely renovated during the past six years. The museum is particularly proud of its unique collection of precious woven carpets from the fifteenth century known far beyond Switzerland. The new tin features four of the nicest carpets. We are convinced that our «Leckerli» will be particularly appreciated in this unique container.

In the prices quoted are included postage, packing and insurance. Payment is very simple: Add a cheque in Swiss francs to your order or ask the Post Office, your bank or your friends in Switzerland to remit the money.

We are looking forward to sending you quite soon sweet greetings from Basle.

Thinking of sending your children to a school in Switzerland?

Many Swiss citizens living abroad prefer to
send their children to schools in Switzer-
land. Among the reasons influencing this
decision are the unsuitability of schools in
their country of residence, the fact that
many parents do not intend to remain
abroad, and the career training possibili-
ties in Switzerland.

For parents desiring their children to be
educated in Switzerland, there are three
possibilities:

- a private college; our country is world-
renowned for such educational institu-

tions. Most are excellent but often very
expensive;

- a public authority school. The choice
here includes a primary or secondary
school; or an advanced secondary
school, which is the simplest and least
expensive way of preparing for a Swiss
university education. This, however,
necessitates living with a family which
is not only prepared to accept the child
but also has to assume responsibility
for its general well-being;
- a compromise arrangement, involving

both a private college and a suitable
public authority school located nearby.

This enables the child to have a public
authority school education, while the
college provides board and lodging, su-
pervision of homework and leisure ac-
tivities. This solution also ensures that
the child is in constant contact with
other children of the same age.

The Secretariat of the Swiss Living Abroad
is able to offer advice to parents seeking
the most suitable solution. Incidentally,
several leading colleges advertise in the
'Revue'.
