Communications from the Secretariat of the Swiss Abroad

Swiss National Day Collection 1984 in favour of the Swiss Abroad

Every First of August, the Swiss people celebrate the foundation of the Confederation. 693 years ago, the first confederates united and vowed to assist one another in need and peril. By this act of solidarity they reached their common goal: independence and freedom. At the same time, they created the basis of our present State.

The Foundation «Schweizerische Bundesfeierspende» – «Le Don de la Fête Nationale» aims at keeping and developing the same great idea of mutual assistance.

For this reason, an appeal goes out to the Swiss people ever since 1910, the year of its creation, to support some undertaking which benefits the Swiss community. The means of collecting funds are known to everybody (the special National Day Badge since 1923 and the National Day PRO PATRIA postage stamps since 1938).

This year, the bulk of the money collected will go to bodies working in favour of Swiss nationals living abroad; this has been done every 6 or 7 years since 1924. The Organization of the Swiss Abroad and its permanent secretariat in Berne and the Committee to help Swiss schools abroad are the chief recipients.

Dear compatriots abroad, please remember to do your bit and support the organizations which are working for you, by buying the National Day Badges (Swiss francs 2.-) and PRO PATRIA stamps. Don't forget to remind your relatives and friends in Switzerland to make a special effort.

This year, the first of four remarkable series of PRO PATRIA stamps will be issued, which depict art treasures from Swiss museums. This year's series is dedicated to four superb tiled stoves which one may admire at the Swiss National Museum in Zurich, at the Freuler House in Naefels, at

the Greyerz Museum in Bulle and at the Ariana Museum in Geneva respectively.

We should like to stress again that in 1984, 90% of the surcharge on the PRO PATRIA stamps will be for the benefit of the Swiss abroad.

Orders for PRO PATRIA stamps should be sent to:

Basler «Leckerli» all over the world

Five generations already have devoted their efforts to this delicious crunchy Basle speciality, and with equal pleasure we also look after its dispatch to all corners of the globe.

Our «Leckerli» are packed in a tin, which we dedicated to the Historical Museum in Basle on its reopening. The medieval church at the «Barfüsserplatz», which houses the museum has been completely renovated during the past six years. The museum is particularly proud of its unique collection of precious woven carpets from the fifteenth century known far beyond Switzerland. The new tin features four of the nicest carpets. We are convinced that our «Leckerli» will be particularly appreciated in this unique container.

In the prices quoted are included postage, packing and insurance. Payment is very simple: Add a cheque in Swiss francs to your order or ask the Post Office, your bank or your friends in Switzerland to remit the money.

We are looking forward to sending you quite soon sweet greetings from Basle.

Thinking of sending your children to a school in Switzerland?

Many Swiss citizens living abroad prefer to send their children to schools in Switzerland. Among the reasons influencing this decision are the unsuitability of schools in their country of residence, the fact that many parents do not intend to remain abroad, and the career training possibilities in Switzerland.

For parents desiring their children to be educated in Switzerland, there are three possibilities:

- a private college; our country is world-renowned for such educational institu-

tions. Most are excellent but often very expensive;

- a public authority school. The choice here includes a primary or secondary school; or an advanced secondary school, which is the simplest and least expensive way of preparing for a Swiss university education. This, however, necessitates living with a family which is not only prepared to accept the child but also has to assume responsibility for its general well-being;
- a compromise arrangement, involving

both a private college and a suitable public authority school located nearby.

This enables the child to have a public authority school education, while the college provides board and lodging, supervision of homework and leisure activities. This solution also ensures that the child is in constant contact with other children of the same age.

The Secretariat of the Swiss Living Abroad is able to offer advice to parents seeking the most suitable solution. Incidentally, several leading colleges advertise in the 'Revue'.
