You will never find a sickness insurance scheme as favourable as the one you are being offered today.

Sickness insurance premiums are normally calculated according to your age when you enter the scheme. The older you are when you enter, the higher the premium. So if you should wish to return to Switzerland for ever in five, ten or twenty years, you would have to dig deeper into your pocket than you would today to be adequately insured against sickness and accidents. This is why the Solidarity Fund for Swiss Abroad has now reached an agreement with the Swiss Insurance Company Grütli thanks to which you will one day be able to save hundreds of francs. Year after year. Because the Grütli will be ready to take you on unconditionally. At the premium rate which corresponds to your age now. And it will cost you to day no more than just a few francs a month.
