How you can stay just as young as you are today for ever – for just a few francs a month:

You will never again be as young as you are today. And so since health insurance premiums are based on the age when you take out your policy, you will never again be able to obtain insurance as cheaply as you can today.

But – thanks to an agreement reached between The Fund and the Swiss Grutli Insurance Company, you will stay just as young as you are today for ever. The day you come back to Switzerland to live, the Grutli will provide you with an individual insurance policy without any reservations. And this at the very advantageous premium rate that you would receive if you joined today. In addition, you can take out temporary insurance on the same basis if you return to Switzerland for a holiday. If you do this now, you will pay just a few francs a month and later on in life you will save hundreds of francs a year in premiums.

So the best thing you can do is to send in your application form right now.
