**Do you agree that
your hard-earned savings
deserve the best possible protection
in the safest place
in the world?**

Like you, I spent many years abroad – 22 years to be precise. And like you, I was faced with the problem of securing my earnings in a safe place, while being able to use my money when I wanted.

This is the essence of the Swiss Space formula – an excellent medium-term investment instrument, or an indestructible capital for you to enjoy in retirement – as an annuity, for example.

Swiss Space brings you the pension supplement that you can budget for. And if you change your plans, or you find yourself back home, you recover your investment with full interest and without penalty.

I have listened to the real issues faced by expatriates, and we have tailored Swiss Space to your needs. One new feature is to lower the entry level from CHF 20,000 to CHF 5,000 – renewable whenever you want. Now is your opportunity to take advantage of Swiss Space's accessibility.

Ask for our documentation (English, French, German, Italian). If you want a calculated plan, simply send us your age, sex, and the age you wish to get your first annuity.

And if you haven't yet had any dealings with «La Suisse» Insurance, ask your embassy or consulate about us. We're Switzerland's second oldest insurance company – by a six-month margin, to be precise.

With my best regards, yours sincerely.
