You receive help all over the world – Your health insurance policy is in Switzerland

A new comprehensive insurance scheme for Swiss Abroad gives you worldwide protection covering medical treatment and hospital stays in the event of accident or illness. And as a private patient too. This is only part of the very attractive offer which THE FUND, in cooperation with VISANA, the new major Swiss health insurance company (Grutli, KKB and Evidenzia), can now make. There are also other

insurance options. These include the dormant health insurance scheme which may be activated during stays in Switzerland and may cover general-ward, semi-private or private hospital costs. It can also include comprehensive insurance for Switzerland, including emergencies when travelling in other European countries. This enables you

to make full use of all the advantages of the new health insurance law. Why not ask for detailed information now?
