CINS Campaign for an Independent and Neutral Switzerland

Neutrality, a reliable instrument of our foreign and national security policies, protects us from an enthusiasm with war and media manipulation, and also prevents us from ceding too hastily to pressure to conform. It allows us to provide impartial aid where it is really needed. Since the Balkan Wars we know that the diplomatic options open to us have increased again. Our neutrality stops us from being drawn into civil wars and sets a high threshold with respect to intervention by the Swiss army.
