Interesting anniversary issue

"Swiss Review" 4/04, anniversary issue

Our warmest congratulations to "Swiss Review" on its 30th birthday. Many thanks for the highly interesting anniversary issue and for sending the magazine to us six times a year free of charge.

Like the Swiss cross

"Swiss Review" 4/04, Editorial

You are neither on the left nor on the right, but bang in the centre, like the Swiss cross! Fair criticism must always be permitted. The content is very important for us Swiss who live abroad. How else can we find

out about important matters, especially as voting Swiss Abroad? So keep up the good work!

Proud runner

"Swiss Review" 4/04, anniversary issue

I live in Taupo, New Zealand. My partner of 25 years is Swiss, and on the 1st August each year we celebrate Swiss National Day. This year it was also the date for our local half-marathon run and 21.1 km walk. I was very proud to wear the Swiss t-shirt that my partner had brought me back on a recent visit. That evening we had a Swiss dinner and had the flag flying and a fire to keep warm as it is very cold here at

the moment. What inspired me to send you this letter was that today we received the "Swiss Review" and wish to congratulate you on 30 years of publication. We both look forward to receiving the "Review". Happy Birthday.

Unbiased and tactful

"Swiss Review" 4/04, anniversary issue

Congratulations on your 30th birthday! I receive the "Swiss Review" regularly and believe it provides a valuable link to our beloved home country. Congratulations also on the quality of your articles, which sometimes touch on subjects which are less than pleasant or report

on the less savoury aspects of Switzerland. Your reporting is always unbiased and tactful. Your vision of Switzerland is very realistic.

Thank you!

Many thanks for all the good wishes we have received from our readers around the world. You have all shown us how worthwhile it is to work for you. Your appreciation is our motivation, and makes our future work for you even more rewarding. Warmest thanks!
