Consulate. Additional Online Publications

Dear Compatriots, Dear Ladies and Gentlemen,

The Consulate General of Switzerland is proud to inform you that two additional publications - apart from the already existing Cultural Calendar, where Swiss events, organised by this Consulate General and the Embassy in Canberra, are being promoted - have recently been added to its website at www.eda.admin.ch/eda/en/home/reps/ocea/vaus/cgsyd.html:

The Swiss-Australiana publications, consisting of books written by Swiss citizens related to Australia

Editorial. Swiss Review Online

Welcome to the April Edition of the Swiss Review. Since a while now we have been publishing certain articles and additional material on the Swiss Review website. I had quite a few requests over the past weeks that this information is hard to find, so I thought I would give you a quick introduction of how to get started.

The online version can be found on <http://www.revue.ch>. From there, it is a 2-step process to get to our Australian Regional News: First, you have to click on the left menu which is labelled **Regional news** (or **Regionales** in german). After the page reloads, it will have an expanded sub-menu with the listed regions; click on Australia and you will get to our regional home page:

The right column of this page contains some useful Australian links, as well as links to downloadable versions of the Australian Regional News since 2007 (in Adobe Acrobat Reader format). The main middle section contains a list of recently published articles; clicking on the **Read more** link will open the full article.

Consulate. TOPtoTOP

A few words from this Office regarding the expedition of the Swiss family, Dario and Sabine Schwörer and their two children, Salina and Andri.

The TOPtoTOP Global Climate Change Expedition, under the leadership of Sabine and Dario Schwörer started in Geneva on 3 December 2002. This expedition is the first one of its kind, in that it travels to the seven (7) summits to connect global climate zones in seven (7) continents around the world using only human power. This Swiss family have been sailing, cycling and climbing, and have already visited over 30 nations. The TOPtoTOP Expedition aims to focus attention on global climate change. TOPtoTOP is a Swiss non-profit organisation of volunteers under the patronage of the United Nations Environment Program. The project is largely sponsored by the famous Swiss Company VICTORINOX and supported as well by Presence Switzerland from the Swiss Federal Department of Foreign Affairs in Bern.

The Swiss couple with their two children arrived Downunder on Wednesday, 28 November 2007 aboard the sailboat Pachamama. The sailboat is THE example for the cruising world, of what is possible in extreme conditions with smart technologies. The family expects to spend about a year in Australia. While here, Sabine and Dario will give public presentations and visit interested schools at each destination. They will teach children about the importance of nature and give them various fun projects, to learn all about sustainability. The children are then encouraged to express their own ideas about how we can care more for our environment and climate in the TOPtoTOP International Climate Solution Contest.

For further information and live updates on the expedition's progress, please visit TOPtoTOP website at www.toptotop.org

Dear Readers,

Where could you possibly go on a cold and rainy autumn evening in Melbourne? Well, you could always go to the Swiss Club Restaurant on 89 Flinders Lane in the heart of the city and enjoy the friendly atmosphere and the Swiss ambiance. Roger Moullet and his team will delight you with Berner Platte, Geschnetzeltes with Rösti, Beef Goulash with Spätzli and many other specialties. How about a Cheese Fondue to warm your body and soul with a glass of wine perhaps? As a member you will be able to receive a 10% discount on the entire bill and if you are not a member, you can fill in the application form on our website. It is so easy! Everybody is welcome!

Club life was quiet early in the year with people away on holidays. But February already started with a fulminate highlight featuring our amazingly impressive John Wanner and his Kapelle Grüezi Mitenand playing at the club. If you have missed out this time, don't worry, you can witness him every first Thursday of the month. In late February we arranged for new members to meet the committee to get acquainted with the club. It was appreciated. The AGM took place in early March with literally, a touch of magic. We had a genuine magician entertaining us after the hard work was done.

What's in the pipeline for April, May and June? Well, 6 April is the date to remember the first Swiss Festival to take place at the Austrian Club. As already published earlier, it is the first time for all Victorian-based Swiss community groups to present a united Switzerland, diverse in its culture and folklore. Join us for a day of entertainment and delicious food! Also in April, the card players will start off their Jass season at regular intervals which will not end until the finals are played in September, so why don't you join too? On 23 April, the Swiss Club will launch its first movie night with the screening of "Vitus" followed by a second movie in the middle of June.

This year's 7th Interclub "Fasnacht" event was again held at the Rhein-Donau Club. The Guggeburras 'grand debut' got the party really started. Everybody seemed to have had a great time. The traditional polonaise set the bar even higher with almost everybody on the dance floor swinging to the beat of the chicken dance.

The children's "Fasnacht" was organized by the Swiss Club Playgroup. Around 60 children had the time of

their lives with games, dancing, polonaises, best costume, drinks and sandwiches. A big thank you goes to the mums of the Swiss Club Playgroup.

The Swiss Yodlers and Alphorn Group of Sydney are celebrating their 40th Anniversary this year!

The yodlers had the pleasure of hosting a tour group of Swiss farmers on a recent trip to Australia. The tourists were able to interact with those present and related their experiences to an enthusiastic audience. The visitors stayed on farms and were able to see first hand, the size of farms and the different farming practices carried out here. They also had the opportunity to talk to Swiss who migrated to this country many years ago. It was a real buzz.

We recently disembarked from our annual harbour cruise and as luck would have it, the Queen Victoria was docked at Circular Quay. The ferry had a decided tilt as we motored past and it was with some relief for many on board when balance was restored. The weather was kind and enjoyed by a ferry load of participants who

marvelled at the sites of Sydney harbour whilst being served and entertained.

Upcoming Events

19/4: Dinner Dance at Austrian Club, French's Forest
27-29/6: Jodlerfest Luzern, CH

The yodlers are gearing up for the Luzern Jodlerfest in June 2008 where we hope to WOW the judges with our antipodean prowess. If you are visiting Switzerland at that time we would love to see you there.

Our club is only young and we welcome new members to join us for regular functions throughout the year. Our picnic day under the shelters at Maroochy Bushland Gardens was a full success despite the damp weather!

We are now already counting 50 members and are inviting all Sunshine Coast Swiss - young and old - to join us and take part in our upcoming events: bushwalking in April, a fondue-night when it gets cooler and a 1st of August celebration in the country.

Please contact our Club president to discuss any questions you may have, we look forward to hearing from many more.
