100th anniversary of the OSA

The Organisation of the Swiss Abroad (OSA) is celebrating its 100th anniversary in 2016. Taking the title 'Switzerland in the World', the anniversary year will of course look back at the OSA's history but with the aim of focusing on the current and future needs of our fellow citizens worldwide. With events, books and a poster exhibition, this anniversary year will emphasise reflection, but in a celebratory spirit.

What does educationsuisse – Education in Switzerland offer young Swiss Abroad?

Staff at educationsuisse answer around 1,000 queries a year from young people and their parents or relatives who are interested in education or training in Switzerland. The questions are very wide-ranging and concern matters such as the search for apprenticeship places, university requirements and the related recognition of foreign school-leaving qualifications, linguistic knowledge, grants, accommodation options and insurance issues.

Leaving the country where they have grown up to move to Switzerland for their education presents a major challenge for young Swiss people abroad. They sometimes no longer have any ties with their homeland and have to get used to a completely new environment, different customs and new people. A long way from their family, this is not always easy.

The Springboard project, which educationsuisse launched last year in cooperation with the OSA's Youth Service, helps young people aged 18 and over to put their educational plans into practice in Switzerland. They receive support with planning and choosing educational options and with funding and getting started with their education or training. For three to six months at the start of their education or training (apprenticeship or course of study in Switzerland) the young Swiss Abroad can live with a host family who will provide a room and meals for 500 Swiss francs a month. The aim of this is to facilitate integration into the new environment in Switzerland as quickly as possible.

For further information or questions about the Springboard project, please contact Ruth von Gunten (info@educationsuisse.ch).

The website www.educationsuisse.ch provides information about education and training in Switzerland. The staff at educationsuisse – Education in Switzerland would be pleased to provide you with further information.

Election of the Council of the Swiss Abroad – Recommendations

The Council of the Swiss Abroad (CSA) will be re-elected in 2017. At its meeting in August 2015, the CSA adopted a number of recommendations for the attention of the Swiss societies abroad with the aim of increasing the CSA's electoral base and thereby achieving better representation.

These recommendations are as follows:

- All Swiss Abroad registered on an electoral roll are authorised to take part in the election of the CSA
- Candidates must be nominated by a minimum number of voters.
- Candidatures should, where possible, be published in the regional section of 'Swiss Review' and in "Gazzetta Svizzera"
- Where they exist, umbrella organisations have the authority and responsibility for conducting the elections

These are recommendations and not requirements. The Swiss societies abroad and their umbrella organisations are free to follow them or not. Voters and candidates must hold Swiss nationality and be domiciled abroad. While the CSA is aware that there are still unresolved issues that need to be addressed, it hopes these recommendations will provide impetus in ensuring the CSA is more representative.

Summer camps for children aged 8 to 14

From the end of June until the end of August, Swiss children abroad can have a fantastic time while also discovering Switzerland and its culture at two-week summer camps together with 30 to 50 other children from all over the world.

Attractions are visited, lakes, mountains, rivers and landscapes are discovered on short hikes and cities are explored at the camps run by the Foundation for Young Swiss Abroad. Some days are also spent at the camp base where we enjoy games, sporting activities and various workshops.

Participants also have the opportunity to gain fascinating insights into Switzerland. We look at the Swiss languages, Swiss songs, Swiss recipes and typically Swiss games and sports.

The interaction with participants from other countries and the exchange across linguistic, cultural and national boundaries present a unique opportunity to make new friends and enjoy some unforgettable moments.

There are still places available at our holiday camps. The exact details and the registration form can be found at www.sjas.ch/en/camps. We would also be pleased to send you our information brochure with an overview of the offers available by post on request.

The Foundation for Young Swiss Abroad wishes to give all Swiss children abroad the opportunity to discover Switzerland in this way on at least one occasion. We can offer reduced rates in justified cases. The form required can be requested on the registration form. We would be pleased to provide you with further information.
