Centenary of the Foundation for Young Swiss Abroad

The Foundation for Young Swiss Abroad (FYSA) has existed since 1917. It all began under the name of “Schweizerhilfe” (Swiss Aid), which sought to accommodate Swiss children living in war zones abroad with families in Switzerland to allow them to recover from the events of war. Its main sphere of activity later shifted from host families to holiday camps. The FYSA continues to work on behalf of Swiss children abroad to enable them to maintain their ties with their native country, regardless of their family’s financial situation.

The FYSA has organised a number of surprises to mark its centenary. The “Swiss Trip”, its most popular but also oldest offer, will take place twice as part of the celebrations. Swiss children from abroad will spend 10 days travelling right across the country to discover Switzerland’s diversity in terms of landscape and culture. In addition to these two offers, seven other summer camps will be held at various locations in Switzerland. At these camps participants will visit attractions, discover lakes, mountains, rivers and landscapes on short hikes and explore cities. Some days will be spent at the camp base where we will enjoy games, sporting activities and various workshops. Participants will also have the opportunity to gain fascinating insights into Switzerland.

In cooperation with the Circolino Pipistrello, the FYSA is also organising a circus anniversary camp. At the Circolino Pipistrello interactive circus, Swiss children from home and abroad will jointly put together a circus gala event under the guidance of experienced circus instructors on the theme of “100 years of the FYSA – at home in Switzerland – at home in the world”.

The interaction with participants from other countries and the exchange across linguistic, cultural and national boundaries present a unique opportunity to make new friends and enjoy some unforgettable moments.

There are still places available on these nine summer camps. You can register at <http://sjas.ch/en/camps/>. We would also be pleased to send you our information brochure with an overview of the offers available by post on request.

The Foundation has also set up a fund which provides less well-off families with a financial contribution to the camp costs of their children. The FYSA encourages families to register with it to provide their children with the opportunity to enjoy such a special experience. The relevant form can be ordered on the registration form or downloaded from our website at: <http://sjas.ch/en/camps/reductions/>. We would be pleased to provide you with further information and look forward to a fantastic anniversary summer.

Education in Switzerland

The educationsuisse team provides advice and support each year for many young Swiss Abroad as well as pupils at Swiss schools abroad who are keen to pursue or complete their education in Switzerland. Our staff provide them with information and advice on education in Switzerland. They give an overview of the possible courses of education and answer questions on, for instance, university admission criteria, linguistic knowledge, the search for apprenticeship places, possible grants, insurance, accommodation and much more besides.

In collaboration with BIZ in Bern-Mittelland, an occupational, educational and career guidance service, educationsuisse provides advice on career choices and courses of study. These discussions take place with qualified BIZ professionals and can be held in various languages via Skype or in Berne. Educationsuisse is also able to award small additional grants or loans thanks to various funds. A new fund provided by the “Gazzetta Svizzera” has also been available since the 2016/17 academic year which is aimed specifically at young Swiss Abroad who have grown up in Italy and are receiving education or training in Switzerland.

Visit our website at www.educationsuisse.ch/en/education-switzerland or contact us directly via email or by telephone. Advisory consultations can also be provided in Berne by prior appointment. Our employees speak German, French, English, Italian and Spanish.

OSA advice

We plan to move to Switzerland with our beloved pets, a cat and a dog. Where can we find information about whether our two pets can enter Switzerland?

When entering Switzerland, household effects (household items, clothing, paintings, valuables, etc.) can be brought in duty-free if you are transferring your place of residence to Switzerland. Special customs import provisions apply to pets, such as those concerning veterinary examinations, vaccinations and epidemic-prevention measures. Species protection regulations also apply to plants and animals. You will find all the information and factsheets on the Federal Customs Administration's website:

www.customs.admin.ch > information individuals > animals and plants.

If you click on the link "Crossing the border with dogs, cats or ferrets", you will be directed to the website of the Federal Food Safety and Veterinary Office. Here you can access the provisions that apply directly to your specific situation by providing individual details (species, age, country from which you are travelling).

We recommend that you contact the information desk of the Federal Customs Administration to find out the exact procedure:
