The *Welfare Service*, which deals with social questions of a difficult nature and cares for the sick or incapacitated members of the staff, and those who have reached the age of retirement, was actively engaged throughout the year.

10. MAIL

From the beginning of the year until the end of December 1954, the mail registered at the ICRC headquarters amounted to 225,376 letters, postcards, telegrams, lists of prisoners, enquiry cards for missing persons, family messages and various documents. The incoming and outgoing figures were as follows :—

Mail received : 106,626 Mail despatched : 118,750

Total : 225,376

II. Financial position of the ICRC

The financial position of the ICRC at the end of December 1954, and information in connection with the accounts and budget are indicated in the following tables :

Table I. Balance Sheet as on December 31, 1954.

Table II. General Income and Expenditure Account for 1954.

Table III. Contributions for the regular financing of the ICRC made in 1954 by Governments and National Red Cross Societies.

Table IV. Reserves and Provisions in 1954.

Table V. Summary estimate of ordinary ICRC expenditure and receipts for 1955.

Table VI. General Account for Relief Actions.

The annual accounts of the ICRC have been verified by a firm of official auditors, as certified at the foot of Tables I and II.

It will be noted from Table II that—

— <i>expenditure</i> for 1954 amounting to . . .	Sw. Fr. 3,573,984.14
(estimated expenditure for 1954 Sw. Fr. 3,592,800) was only covered	
— by <i>receipts</i> to the extent of	" " 1,867,597.99
— and in consequence the <i>deficit</i> amounts to	Sw. Fr. 1,706,386.15

The receipts in 1954, concerning previous budgetary years, nevertheless amounted to Sw. Fr. 258,920.80.

These amounts were transferred to the Reserve for General Risks (See Table IV), which was also credited with sundry refunds for actions undertaken in previous years, amounting to Sw. Fr. 1,270,000. The balance of this account thus shows a decrease of Sw. Fr. 208,705.45 as compared to the position on December 31, 1953.

The funds under Reserves and Provisions Account constitute the essential working capital required by the ICRC in order to meet current expenditure and, in particular, to enable it to undertake unforeseen activities which international events may make it necessary to assume, in some cases well before the necessary funds have been placed at its disposal.

The International Committee's intervention in Korea, for instance, required the advance by the Committee of considerable amounts, which contributed in part to the budgetary deficits of the past few years.

This example reveals the gravity of the financial problem with which the ICRC may be faced at any moment, when called upon to assume immediately, and in any place, the duties conferred upon it by the Geneva Conventions of 1949.

Table V gives a summary estimate for 1955. By careful calculation, the estimated expenditure has been again reduced, but leaves

no margin for any unforeseen expenditure which the ICRC may be called upon to assume in the course of the financial year.

In regard to the General Account for Relief Actions (Table VI), a summary of the relief supplies distributed by the ICRC in 1954 will be found on page 44.

The ICRC thanks the donors again most sincerely for the tangible and generous proof of their interest in its work which it receives from them year after year.
