In 1972, the ICRC kept or installed radio stations in the following areas:

*Far East:* About 18,700 telegrams or over a million words were exchanged over the radio network established in the Asian sub-continent. Following the conflict in the sub-continent, in December 1971, the ICRC installed radio stations in Islamabad, New Delhi and Dacca, and an internal network in Bangladesh.

Early in 1972, the ICRC set up a radio station at its delegation's headquarters in Phnom Penh.

*Middle East:* Radio connections between Amman, Beirut and Damascus, and between Amman and Geneva, continued to operate normally.

On the other hand, the radio connection with the Yemen Arab Republic ceased, as the ICRC removed its delegation from Sana'a early in 1972.

*Latin America:* The radio link with the ICRC delegation in Caracas was maintained.

The number of telegrams exchanged in 1972 between the ICRC's HBC-88 station and the field totalled 24,457, or around 1,291,110 words.

## RELIEF SERVICE

### *ICRC Relations with the European Economic Community*

On 6 December 1972, the European Economic Community and the ICRC signed an agreement on the attribution of 28,000 tons of grain (18,543 tons wheat flour) to the population of Bangladesh. Conditions governing the submission of tenders to supply had been worked out by the Commission of the European Communities by 25 August 1972, and before the end of the year it proved possible to ship the whole quantity (see table of relief supplies).

The ICRC allocated in 1972 the full 7,000 tons of grain supplied under the agreement signed on 13 July 1971: 2,635 tons of wheat

flour went to the Sudan and 2,000 to Israel (see table of relief supplies).

In Latin America, the Chilean Red Cross received two large consignments of skimmed milk powder in 1972 (see table of relief supplies). Both consignments (200 tons and 135 tons) were drawn from the 3,000 tons to be provided under an agreement signed on 25 March 1970.

A shipment of 500 tons of wheat flour was also sent to the Jordan Red Crescent (see table of relief supplies).
