to the ICRC and the Red Cross prior to their mission abroad (history of the Red Cross; structure and distribution of tasks between the League, ICRC and National Societies; finance; Geneva Conventions and Additional Protocols; operations outside the scope of the Conventions; procedure of visits to places of detention; assessment of a given situation; role and tasks of the Central Tracing Agency; material relief; medical aid programmes; information, etc.). In 1980, four introductory courses took place at Cartigny and were attended by a total of 97 persons.

Furthermore, with the purpose of giving Geneva headquarters staff the opportunity to improve their qualifications, extra courses, mainly in various languages, were arranged in 1980 for 81 persons.

The two courses organized jointly by the League and ICRC

for newly engaged staff were followed by 58 persons from the ICRC.

### **Delegations**

In 1980, the ICRC had a permanent delegation in each one of 28 countries of Africa, Latin America, Asia and the Middle East, and 8 sub-delegations. A permanent delegation was also maintained in New York, where the ICRC delegate to the international organizations kept in touch with the United Nations and its specialized agencies on matters involving ICRC activities. If the special missions carried out to about thirty countries are added to the above, it can be said that in 1980 the ICRC was active in some sixty countries throughout the world.

## **FINANCE**

---

### **Balance sheet**

The balance sheet total rose from 36.6 million Swiss francs at the end of 1979 to 39.4 million by the end of 1980. This increase, which confirms a tendency observed one year previously, is due to the fact that during the past financial year, the ICRC received large amounts to finance specific actions. Nevertheless, it should be emphasized that for the first time in 10 years the financial cover for some of these actions was insufficient. This meant that at the end of the year there was a deficit of approximately 3 million Swiss francs.

This situation, without being alarming, is cause for concern. It appears, in fact, that governments are less interested in financing special actions on a small or medium scale than in contributing to large-scale operations such as those conducted in South-East Asia or in Africa. Operations which received inadequate financing included those in Nicaragua, El Salvador, Lebanon, and in Iraq and Iran after the outbreak of hostilities between the two countries in September 1980.

In connection with the policy introduced some years ago with a view to increasing the General Reserves, the ICRC had the satisfaction of recording during 1980 the payment of two special contributions for this purpose, one of 1.2 million Swiss francs from the Government of Kuwait, the other for 1 million dollars from the Government of the Libyan Arab Jamahiriya.

Thanks to these two contributions, the General Reserve on 31 December 1980 stood at a total of 10.25 million Swiss francs. This sum, which corresponds to one quarter of the normal budget, is still relatively low. The ICRC would like to have sufficient reserves to be able, in the event of a grave international crisis, to cover at least six months' activities.

### **Expenditure and income**

Contrary to the budget forecast, which predicted a deficit for 1980 of more than 1 million Swiss francs, the annual accounts show a satisfactory balance, the deficit finally totalling 9,133.16 Swiss francs. This is absorbed by the Capital Reserve Funds, which consequently fell to 301,050.89 Swiss francs.

This good result is due, on the one hand, to an increase in Government contributions and private donations, which were particularly generous in 1980 and, on the other hand, to rigorous control of expenditure.

### **Financing**

#### **Governments**

Although the results for 1980 may be considered satisfactory, the fact remains that the origin of the contributions to the ICRC ordinary budget does not sufficiently reflect the universality of the Red Cross movement. Of the 146 States parties to the 1949 Geneva Conventions, over 40% make no contribution to the ICRC.

For this reason, a large number of missions was undertaken in 1980 to present the activities of the ICRC to Governments and to remind them of their financial obligations. In particular, the President of the ICRC, accompanied by the Head of the Financing Division, travelled successively to Kuwait,

Bahrein, Qatar, Oman, the United Arab Emirates, Italy, the Vatican, and Libya (see page 76).

Other missions were carried out in Latin America (Argentina, Chile, Colombia, Mexico, Panama and Venezuela), in the Middle East (Saudi Arabia and Jordan) and in the United States.

As a result of these contacts, Government contributions (not including that of the Swiss Confederation), which totalled Sw.fr. 11,102,125 in 1978 and Sw.fr. 12,678,500 in 1979, rose to Sw.fr. 15,562,775 in 1980. The regular and supplementary contributions of the Swiss Confederation were increased from Sw.fr. 12,500,000 in 1978 to Sw.fr. 14,500,000 in 1979 and 1980.

#### **National Societies**

There has been an encouraging increase in National Societies' participation in financing the ICRC regular budget. Their regular contributions rose from Sw.fr. 1,711,225 in 1979 to Sw.fr. 2,081,715 in 1980, while additional contributions, totalling Sw.fr. 172,652 in 1978 and Sw.fr. 468,760 in 1979, increased to Sw.fr. 75,510 in 1980.

#### **New fund**

The authorities of the Libyan Arab Jamahiriya have set up a fund, "The Omar El Muktar Fund", of an initial amount of \$US 300,000. The fund will be administered by the ICRC, without restriction, and the income will be used for its worldwide activities of protection and assistance.

#### **Auditing**

In order to establish links with other Swiss accounting and auditing companies, the ICRC decided that for the next four years, beginning with the financial year 1980, the audit carried out in accordance with its Statutes should be performed by the Société Fiduciaire Suisse. This company succeeds Fiduciaire Ofor SA, which carried out the annual audit of the ICRC accounts for many years, to the complete satisfaction of the Committee. The change took place with the entire agreement of Ofor.

On page 108 of this report appears a photocopy of the letter sent by Fiduciaire Suisse proposing that the Committee should approve the balance sheet and the expenditure and income accounts for 1980.

Statutory auditors' report  
to the Assembly of the

INTERNATIONAL COMMITTEE OF THE RED CROSS, GENEVA

Ladies and Gentlemen,

As statutory auditors of your Institution, we have examined the accounts for the year ended December 31, 1980.

We have come to the conclusion that

- the balance sheet and the statement of income are in agreement with the accounting records,
- the accounting records have been properly kept,
- the balance sheet totalling Sw.Fr. 40,128,861.00, including the funds held on behalf of third parties as shown separately, and the annual statement of income showing, after taking account of various complementary charges, an excess of expenditure over income in the amount of Sw.Fr. 9,133.00, present fairly the financial position as at December 31, 1980 and the result of operations for the year then ended.

Based upon our examination, we recommend that the accounts submitted to you be approved.
