## The European Platform of Women Scientists

*The European Platform of Women Scientists is preparing its first Network Event in Brussels on 20 October 2006 and we aspire to organise an exciting day addressing potential member networks from all over Europe, present the Platform to the international community of women scientists and prepare for the Association's first General Assembly in 2007.*

*During this day, representatives of European networks of women scientists as well as individuals will have the opportunity to listen to keynote speeches by high-ranking women scientists. The role of women scientists in the future landscape of research, as well as the role of networking in shaping European research policy from a gender perspective will be highlighted in the first part of the day, followed by an interactive afternoon based around workshops and a poster exhibition. We hope that by the end of the event, participants will have had the chance to network with their European counterparts, exchange practices and*

*viewpoints, and to have encouraged the creation of new networks.*

*In preparation of this event, we would greatly appreciate if you could take some time to fill in the attached Network Questionnaire. Your answers will allow us to prepare the event with great care and to facilitate the stimulating on site networking.*

*Please send the questionnaire back to us, e-mail marianne.dasilva@epws.org before July the 14th. This will help us also in our mapping of networks of women scientists across Europe.*

*An online version of the questionnaire will be shortly available on our website at [www.epws.org](http://www.epws.org)*
