## RUBBERMEN AT KNIE

During its next season, the Swiss circus KNIE will present a new duo, the CHARKOV BROTHERS from Estonia. As a promotional stunt, they perform here one of their spectacular acts right on top of a bridge railing in Zurich, overlooked by the "Münster" in the background.

## BIGGER SWISS NAVY

Here is a photo to stop all Swiss Navy jokes. With the bulk carrier "URI", the Swiss merchant navy is back to a total of 23 ships with a total tonnage of 620,864 tons. The "URI" has a crew of 17 of which 3 are Swiss, including the captain, and 14 are Russians. The official language on board is apparently English.

*The picture shows the bulk carrier "URI" in the Shipbuilding and Repair Works of Danzig.*

### WHO WORKS THE LONGEST

According to a survey concerning average annual working hours of industrial workers, it appears that, not surprisingly, the Japanese are well ahead of the rest of the world. But what is most astonishing is that the expected hard working Germans are at the bottom of the list. See for yourself.

Japan 2165 hours. USA 1847 hours. Switzerland 1773 hours. UK 1635 hours. Belgium 1631 hours. Italy 1625 hours. France 1611 hours. Austria 1595 hours. Sweden 1560 hours. The Netherlands 1545 hours. Germany 1506 hours.
