Hi there and welcome to the
new Club year 1994/95.

Wir sagen was wir denken damit
ihr hört was wir wissen!

'NL' EDITORIAL

At the AGM on 6 May we did receive a view comments on the News Letter which I tried to explain. Yes I know the 'NL' can become boring and incomplete every so often! Yes I know that I do forget the odd item! Yes I know that I discontinued introducing new members! Yes I know...! But lets be honest. One man's view and input can become boring and repetitive after some time and the lack of your input surely helps to get to that stage very quick. My idea is not to keep the News Letter alive just to tell the odd forthcoming dates or because there is some space available in the Helvetia. The idea always was and still is to make it lively, spicy, informative and interesting to read for everyone. Most of the time, if somebody is asked to write or create a paragraph, a story or only a report we get the same answer back. "Sorry, but I've got no time!" If somebody finally does write something it tends to be a once only input and the asking for more starts again. But without your input, ideas and help it will definitely become just a boring part of the now well presented **HELVETIA** because I just don't have the time neither. So please, stop sitting on your bum if you are interested in **YOUR** club too and come forward with ideas, club related articles and information to make our News Letter more entertaining.

cause I just don't have the time neither. So please, stop sitting on your bum if you are interested in **YOUR** club too and come forward with ideas, club related articles and information to make our News Letter more entertaining.

COWBELL COMPETITION SEMI-FINALS

For the cowbell semi-finals held at **Edith Hess's** place in Glenfield we could welcome 12 Hamiltonian competitors and a couple of their young fans. Meeting a bunch of trained and well prepared Auckland competitors made them feel a

bit worried despite the superior shooting results they carried with them. Soon after starting the competitions they felt even more disturbed sitting opposite our top card players knowing that they will have no show. As expected they lost by two games. The 'Steinstossen' which has a long winning history by the Hamiltonians nearly turned our way this year. But unfortunately we lost this game by as little as 0.0281km difference. To win the semi-finals in order to go and beat Taranaki on 5/6 June we now had to win the Kegeln. And we almost did. But then the luck turned the visitors way and by 19 insignificant points we, once and for all, lost the chance to win that **Cowbell** held by Taranaki for ?? years. Never mind, we are good losers when it comes to playing. Good luck to Hamilton. Let's hope you will make it and bring the bell a little closer to us.

Thank's once more **Edith** for being such a good hostess again.

SWISS WORLD TAPE

Once more we have received remarks from members who are on the circulations list of the Swiss World Tape that they get the tapes, if at all, very late. **There are delays up to 3/4 of a year!!!** It appears that among the watchers there are a few who can not be bothered to pass the tapes on within a reasonable time. Please, don't hesitate and ring **Fredi Tobler** on **480-9326** if you are one of them so he can remove your name from the list. *Thank you!*

FARM SPONSOR BAROMETER

We have not told you much about it lately but the Farm Sponsor Barometer is still very much alive. At present we have **\$2200** in the bank account only waiting to be spent on redecorating your 'Little Swiss Farm' in Kaukapakapa. Plans will be made soon which will reveal how many more \$\$ we need to reach a proposed target. The latest donation, a cheque over **\$500**, busting the account to **\$2700**, came with his apology for not attending the AGM from our Swiss Butcher,

Roman Priore.

In this case may we thank you for not attending the AGM!!

CONGRATULATION...

to **Elfi & Loui Holzgang** on your 40 years of marriage together. Hope you had a wonderful weekend (Queens Birthday) of celebrations. With love from your sister

DEPARTMENT OF GERMANIC LANGUAGES & LITERATURE

This year the German Drama Company of the University of Auckland will be performing

UND WENN SIE NICHT GESTORBEN SIND, SO LEBEN SIE NOCH HEUTE...

This is a dramatization in German (written and produced by Sally McLean and Martin Sutton) of three of the tales of the Brothers Grimm set in the framework of the Grimms' life and times. There will be eleven performances during the week from **Monday 30 May to Saturday 4 June**, six in the evening (7 p.m.) and five matinee sessions (Monday - Friday 1 p.m.). The performance at the B-Side Theatre (formerly The Little Theatre) is expected to last between one and a half and two hours.

The production is a large-scale theatrical one, involving over thirty actors. The two central stories are lesser-known ones from the Grimms' collection, viz. 'Der Bärenhäuter' and 'Das Mädchen ohne Hände'. One further story, 'Wie die Kinder Schlachtens miteinander gespielt haben', contains little dialogue and the vivid and violent action speaks for itself!

Every effort has been made to create a play which is immediately accessible to and immensely enjoyable for students of German of all ages. This is a medley of romance and magic, violence and horror, humour, music, mystery and imagination. (N.B. Young children may require parental guidance!)

FOR BOOKINGS PLEASE RING MRS. JANET KELSEY ON 373-7599 EXT. 7646 - 9A.M. TO 5P.M.

LET'S GET TO KNOW EACH OTHER...

Rather than just publicising the names of new members a new idea has come up. Why not really introducing **new** and **OLD** members to the club. Every time we read the address list we realise how little if anything we know about most of you folks. How much do you know about us, the committee, which after all manages and tries to run your club? There might be members out there who come from the same town and unknowingly have common friends in Switzerland! Surely, many members are unaware of other club members with the same or similar trade, hobby or interest. Let's widen your and our circle of friends by simply introducing one to each other.

Please send details like: *Your name(s), Country or Canton of origin, time in NZ, address & phone, single, married, kids names & age, trade, hobby & interests, help & support to share with others, etc.* to the **Auckland Swiss Club, 'NL' EDITOR, P.O. Box 40-152, Auckland 10**. You may even send a picture of your self or your family. Depending on how brief you keep the info and of course your interest and participation we can introduce 1 to 3 members in each News Letter.

If you are interested please contact myself as soon as possible.

Along similar lines, the Christchurch Ethnic Council is still looking for interested people to help organise a Euro Festival, to be staged sometime in October this year. If you would like to take part in it, please contact Mrs Tini de Winter, phone (03) 352 5317.

This Ethnic Council is in the midst of putting together an Ethnic Story Book, so they are very keen to receive any legends or stories, including any recipes of traditional foods mentioned in the stories, etc. Again if you can help, contact *Mrs Tini de Winter*, at the phone number above.

I am getting many requests now from all sorts of organisations for us to take part in their celebrations, festivities conferences, or whatever. If you would like to become an active Swiss in a cultural, political, social, etc. group, why not contact me. OBITUARY

Alois (Louie) BAGGENSTOS One of life's true gentlemen was born on 25 January 1924 in County Aargau. Louie, the oldest of ten children, immigrated to New Zealand in 1950 and his bride-to-be, Martha, followed a short time later. Together they raised a family of three boys while they worked their way up the ladder to farm ownership at Ngarua. During their 24 years at Ngarua, many Swiss and Kiwi people were guests at Louie and Martha's place. Louie had a smile for everybody and enjoyed playing Swiss Cards. He never missed a card evening at the Hamilton Swiss Club and also took many prizes home. He also enjoyed bowls and was a keen follower of the horses. In 1982 Louie and his son Frank built a Chalet in Morrinsville and moved Martha in!! (No mean feat for those who knew the family well!!!). There Louie continued with his siestas on the window seat and kept on entertaining numerous visitors. Louie lived life to the fullest and enjoyed his family until he passed away on the 2nd of February 1994, at his Waiheke holiday home, after celebrating his 70th birthday. This true gentleman is survived by his wife Martha and his three sons Bruce, Frank and Werner. **R.W.**

growing country of Martinborough. The wineries have put this once backwater town on the map again. Did you know that Martinborough was laid out in the Union Jack shape by the founder, Sir John Martin, with the streets named after cities he had visited? The focus of the design is the town square, where the now famous Martinborough country fair is held on the first Saturdays in February and March. A wonderful blue Palliser Bay awaited us at the most southerly part of the North Island. We succeeded in climbing the ridge of the Putangirua Pinnacles in less than an hour. What an unforgettable view we had! Large earth pillars rose from the valley floor like pipes of a giant cathedral organ. We could see so many different structures, some looked like cathedrals or churches with roofs built by famous architects. Our next adventure was to find the river and ridge close by on which our rock

expert Peter Fischer promised us we would find Sand dollars and roses. Imagine our joy and surprise when we indeed discovered many of the above! With little shovels we dug out these treasures...which we took home as prized souvenirs. Arahura Lodge, 4 kms south of Gladstone awaited us for our overnight sojourn. In the 1960s and 1970s, this Lodge was a Laboratory where winning sheep drenches were developed. It was an experience to sleep in the Chief Scientist's Office! Theres Hartmann cooked us bacon and eggs for breakfast. It was such a treat to sit down in the company of genuine friends! ANZAC Day itself found us slowly finding our way back home. Some of us explored another few highlights in the Wairarapa, e.g. the small, but interesting Museum of Featherston. We appreciated the glorious weather and did promise ourselves to return soon!..HBG

RICH BECOME RICHER

In Switzerland too, the rich become even richer. According to a recent report, the top wealth has now increased from the 4-5 billion SFR level to a new 7-8 billion level. The richest man in Switzerland is actually a foreigner, Mr. Leonard Brenninkmeijer, a descendant of the founders of C&A. The richest Swiss, Paul Sacher, is the 87 year old main shareholder of Hoffmann-La Roche. Not far behind is Nicolas Hayek, the inventor and promoter of the Swatch and lately of the Swatch Mobile, a revolutionary new car to be built in Switzerland. By far the richest woman in Switzerland is Vera Oeri-Hoffmann, another shareholder of Hoffmann-La Roche. Amongst the big shots are also the family Landolt (Sandoz) and Rudolf Geigy (Ciba-Geigy). Of the 44 billionaires living in Switzerland, 23 are foreigners.

BAUR AU LAC RESTAURATION

The world famous 5 star hotel Baur Au Lac in Zurich is due for a complete renovation. Work will take over 3 years with up to 60% of the rooms having to be closed at any one time. So you wealthy Swiss-Kiwis who always stay at this luxury hotel when returning to Switzerland, you will have to book your room well in advance this time....

Plying their trades from place to place, these gypsy nomads find the laws which vary from canton to canton very difficult to follow. They would like to see laws referring to trade and commerce to be the same for the whole of Switzerland rather than being different in each canton. They are also asking for more places where they will be allowed to set up their camps.
