Past Events

Society Shooting Competitions

were held on Saturday 19th February for the first time at Elmigers Farm in TeAroha. Congratulations to our own riflemaster, Bill Miles for obtaining the top score of 69 points and congratulations to Katrina Hodel for the top ladies score of 59 points.

Picnic 2000

This annual event was held this year for the first time at the Eureka School. The committee was a bit apprehensive about shifting to a new venue after being at Kiwitahi for the last 26 years (see article below). However, we needn't have worried, as we had a very good turnout and of course the weather was perfect, if not a bit hot. Families enjoyed the new setting and in particular the pool was very popular because of the heat. There was still the usual entertainment for the adults consisting of Medal Kegeln, Cup Kegeln and Prize Kegeln for Landjaeger. The Kegelbahnen were busy all day long and the Medal shotput was also very popular. Congratulations to Erika Elmiger for again winning the Ladies Kegel Trophy for the third year in a row. Joe Kennel was the winner of the overall Kegel Trophy with the same points as Erika and Peter Rust the winner of the Shotput Trophy. Well done and thanks to all the participants.

The centre of attraction for many

people of course was the food stand. Grilled Bratwurst and Cervelats were prepared by our own famous chefs Hanspeter and Walter. There was a great selection of swiss cakes and coffee and some of the younger helpers were busy selling cold drinks.

The children had their usual lollie scramble but apart from that they entertained themselves on the adventure playground or in the pool. Many thanks to the hardworking committee and the other people who volunteered to help on the day. This is much appreciated by all.

PICNICS OF THE LAST CENTURY

When the subject of the Hamilton Swiss Picnic is brought up, many of you will automatically think of the very picturesque country surrounding at Kiwitahi which was the venue for our picnics for the last 26 years. It is with sincere appreciation that we thank Yolanda and the late John Villiger and their families for letting the club use their farm for the picnic. Many people will have vivid memories of meeting up with lots of people, having many conversations, or being particularly lucky at Kegel or Shotput. I believe the first picnic was held in Kiwitahi in 1974 and that particular year we had the swiss national rowing team join in for the day's activities. In the earlier years Schwingen was also organised with participants coming from Taranki as well as the odd visitor from Switzerland.

According to the booklet published

for the Club's 40th Anniversary, there were annual picnics held at Mercer from 1958 and at Scheidegger's farm in Matamata. From 1961 to 1973 the picnics were held at Risi's Mountly Piggery in Ngaruawahia. I'm sure that era also brings back many fond memories. I remember that the Mueller Family were in charge of selling the drinks and the Staheli Family sold ice-creams. They also used to put up a dance stage and the swiss group used to perform some traditional swiss dancing. I believe a soccer match was also part of the entertainment for a few years, as well as tug-of-war for the children. In those days the sausages used to be cooked over an open fire until the era of gas barbeques came along. Many thanks to all those who contributed to picnics of the last century. Who knows what the picnics of this century will bring and what memories will be left for the old and young alike.

Past Events...

AGM - This was held on 1st March. There was a low turn out, but the committee believe (rightly or wrongly!!) that things must be running smoothly or we'd have had a greater attendance!!

A delicious supper was served, with people keen to chat, and to look at Doreen's scrapbook and photos taken over the last few years. It was neat to look at the photos of our club house being built; the people at various functions; and newspaper clippings dating back many years. Many thanks, Doreen, it was great.

Past events....

26 February; End of an Era !

"Bring a plate" it was; was this the reason why bookings were a bit slow in coming in? - Anyway, in the end we could welcome over seventy members and friends to celebrate our last function in the old clubhouse.

The evening went well. The potatoes were a bit slow, as the potato chef ran out of gas without noticing it. But he was forgiven, and we all enjoyed a very varied, rich dinner with memorable stories of the 28 years history of the clubhouse, told by old members. We had many laughs - and a tear for the black handkerchiefs provided by Maya Beddie-Geiser.

5 March: Züglete

Some of us had sleepless nights and nightmares about the Züglete, but when Ruth Messmer got to Ohariu Valley 20 minutes ahead of time, Hans Buess had already carried stacks and stacks of chairs to the storing shed. Soon almost twenty eager helpers shared the tasks, and many hands made light work, as the saying goes. Strong men worked on the skittle alley and shifted heavy furniture- even our piano reached the shed safely. And so did all the plates and glasses, all carefully wrapped in newspaper. And by lunchtime the room looked very bare and naked and not like our old friendly clubhouse at all.

Well done, workers of all ages (4 to 70+)!

Next event....

15 April: Annual General Meeting
- Members will have received a personal invitation.

To all Swiss and Swiss Kiwis with voting rights in Switzerland

We have received the following Internet Web-addresses to enable you to follow discussions on the voting weekend of 21 May 2000 regarding the bi-lateral contracts to be ratified with the European Union.

EVD-Forum:

<http://www.evd.admin.ch/d/forum/forum-d.html>

EDA-Forum:

<http://www.eda.admin.ch>

The following explanation is underlining the importance of these contracts;

The ratification of the seven contracts with the EU comes at the end of a four-year working period between Switzerland and the EU.

The seven areas of contractual arrangements are;

- * Free movements of people
- * Road traffic
- * Air traffic
- * Research
- * Agricultural products
- * open markets
- * restrictions on commerce.

Not only is Switzerland often called "the heart of Europe" in geographical terms, but in many ways it also fits this description in commercial,

political, historic and cultural realms.

The new bi-lateral contracts will bring a new quality to the relationship between Switzerland and the EU. - Let us not forget that two-thirds of our foreign (external) commerce is bound up within the EU. The seven contracts are mainly of an economic nature and as such will help to keep the European market open for the young entrepreneurs of Switzerland

How do you assess the situation?
