MYCOLOGIA HELVETICA — Instructions to Authors

Send original and two copies to the Senior Editor, H. Göpfert, Alpenblickstrasse 53, CH - 8630 Rüti, Switzerland. Receipt will be acknowledged and papers submitted to two reviewers. Acceptance may depend on revisions suggested by the editorial board. Papers that do not conform to the specifications are refused.

Manuscripts must not be submitted to other journals at any time.

Languages: Contributions may be written in English, French, German or Italian.

Scope of the journal: Contributions may belong to one of the following categories: Original papers: Ecology, experimental mycology, genetics, medical mycology and mycotoxins, partial and full monographs, morphology, cytology, plectology, classical and computer assisted taxonomy, systematics, nomenclature. Priority is given to papers dealing with higher fungi. Contributions to industrial mycology are excluded. Short notes are original contributions up to two printed pages long. Book reviews are welcome. Review articles summarize research results of the last few years in a restricted field. Calendar of events. Isolated descriptions of new or critical species, with or without a coloured plate. Priority is given to higher Basidiomycetes and higher Ascomycetes.

Abstracts are required in two languages, preferably in English and in one of the other admitted languages. The editorial board may provide help for translation. The abstracts should not exceed 500 words and are required for all papers exceeding 3 pages of text. Every abstract should be written in an informative style that permits its use without revision by abstracting services. Give essential details of techniques or research findings. Avoid generalizations and statements with low information content, like "... are reported", "... have been given...", "... was investigated...", "... have been carried out...".

Citation of taxonomical authorities must follow the latest edition of the International Code of Botanical Nomenclature. Do not cite authors in titles or in abstracts.

Preparation of manuscripts: All manuscripts must be submitted READY FOR OFFSET printing, including all illustrations and legends.

All text and illustrations must fit within a rectangle of 148 x 220 mm when using 12 pitch printing (12 characters per inch), or they must fit within a rectangle of 177 x 263 mm when using a 10 pitch printing.

Type all text in one and a half line spacing, including footnotes, references, legends, etc. on only one side of a letter-sized paper (European A4 format or close to it). Use carbon ribbon to type the text.

Leave a blank space of five lines at the beginning of the manuscript, followed by the centered title in upper case characters. Name(s) and address(es) of the author(s) are written in normal typing using upper and lower case characters. They must be centered. See the current issue for examples.

Figures and tables must have a legend. Combine the illustrations and legends to fit the rectangles specified above. All legends must be explanatory; do not simply refer to the main text. Do not use any kind of underlining, except simple underlining of Latin names when italics cannot be used. Footnotes should be avoided.

Illustrations may be original line drawings executed in indian ink or high contrast black and white photographs on glossy paper. Coloured illustrations are of two types: photographs and original paintings. Acceptance of coloured illustrations depends on financial possibilities. Use of scale markers is required for microscopic details, recommended for all other illustrations. All figures should be numbered individually. Do not combine photographs and drawings on the same plate.

References are alphabetic, not numbered lists at the end of the paper. Complete names, titles, and first and last pages are required; e.g. Watling, R., G.A. Kile and N.M. Gregory, 1982: The genus *Armillaria* - nomenclature, typification, the identity of *Armillaria mellea* and species differentiation. Trans. Brit. Mycol. Soc. 78: 271-285.

(If an author prefers she/he may send in first of all a normally typed manuscript that is not yet ready for offset printing. It is only the definitive text, which takes into consideration the suggestions the Board of Reviewers might make, that must in any case be submitted ready for offset printing.)

Page and editorial charges: The author will not be billed for publication of offset ready manuscripts that do not include coloured illustrations, but a charge is made for text that must be rewritten. Separate charges will be made for coloured illustrations, depending on the actual cost of printing of coloured plates. The charges are intended to be paid from funds supporting the work reported, and under no circumstances from the author's personal incomes. If an author does not have the resources to meet the charges, they may be waived by writing to the Senior Editor without jeopardizing the publication of either the manuscript in question or other manuscripts that may be submitted in the future. Acceptance of the manuscript does not depend on the payment of the charges.

Reprints must be ordered when submitting the paper or on receiving the note of acceptance. Authors will receive 50 reprints free of charge but will be billed for additional copies according to actual printing costs.

Einladung zur Mitarbeit

Wir laden alle Mykologen im In- und Ausland freundlich ein, uns Beiträge für die **Mycologia Helvetica** zuzustellen.

Call for Papers

We kindly invite all mycologists both in Switzerland and abroad to send in their papers for **Mycologia Helvetica**.

Appel aux collaborateurs

Nous invitons cordialement les mycologues, en Suisse et à l'étranger, à utiliser **Mycologia Helvetica** comme tribune pour leurs communications scientifiques.

Danke - Thanks - Merci - Grazie

Auch bei der Herausgabe des zweiten Bandes von *Mycologia Helvetica* durften wir wiederum die Mitarbeit zahlreicher Mykologen und anderer Experten in Anspruch nehmen. In selbstloser Art haben sie geholfen, die eingetroffenen Manuskripte zu sichten. Ihnen allen sind wir sehr dankbar.

We are grateful to all the mycologists and other experts who have reviewed manuscripts submitted to us for publication in volume 2 of *Mycologia Helvetica*. Without that help it would not have been possible to issue the journal.

Nous exprimons notre vive reconnaissance à tous les mycologues et autres experts qui ont accepté avec bienveillance d'évaluer les manuscrits avant leur publication dans notre revue scientifique; grâce à leur concours, la parution du volume 2 de *Mycologia Helvetica* a été rendue possible.

Anche per la pubblicazione del secondo volume di *Mycologia Helvetica* abbiamo dovuto ricorrere all'aiuto di numerosi micologi ed altri esperti. Essi hanno vagliato disinteressatamente i manoscritti inoltrati per la pubblicazione. A loro tutti siamo molto riconoscenti.

Funghi e boschi del Cantone Ticino

A. Auguadri, G. Lucchini, A. Riva, E. Testa

Edited by SWISS CREDIT BANK, 1984-1987

Landscape, sylvan surroundings, trees, shrubs, flowers, mushrooms, toxicological data and naturalistic walking tours in the Canton Ticino (southern Switzerland) are described throughout four volumes, with over 1200 pages.

The work is illustrated by:

- 249 photocolors of mushrooms in their habitat
- 20 freehand black and white drawings of mushrooms
- 130 freehand drawings of trees and shrubs
- 55 photocolors of landscapes of the Canton Ticino
- 15 freehand landscape drawings
- 19 geobotanical maps
- 24 graphs
- 16 photocolors of flowers
- 6 naturalistic walking tours
- 23 chemical formulae of mycotoxicological compounds

Prices: Complete set of four volumes sfr. 130.- (mail cost
Every single book sfr. 35.- not included)

Please order from: Società Micologica C. Benzoni
casella postale 131
CH-6830 Chiasso (Switzerland)

Mycologia Helvetica

Die Mycologia Helvetica wird von der Schweizerischen Mykologischen Gesellschaft (SMG) herausgegeben. Jährlich erscheinen zwei Hefte. Redaktion: H. Göpfert, Alpenblickstrasse 53, CH-8630 Rüti. Für Mitglieder der SMG ist der Abonnementspreis für die Mycologia Helvetica im Mitgliederbeitrag eingeschlossen (SFr. 50 pro Jahr). Für Abonnementsbestellungen und weitere Auskünfte wende man sich an Frau Dr. B. Senn-Irlet, Systematisch-Geobotanisches Institut der Universität, Altenbergrain 21, CH-3013 Bern.

Mycologia Helvetica

A mycological journal with two fascicules a year and issued by the Swiss Mycological Society (SMS). Editor: H. Göpfert, Alpenblickstrasse 53, CH-8630 Rüti. Members of the SMS pay an annual fee of SFr. 50. The journal is issued free to them. For subscriptions and further information please contact (Mrs.) Dr. B. Senn-Irlet, Systematisch-Geobotanisches Institut der Universität, Altenbergrain 21, CH-3013 Berne.

Mycologia Helvetica

Le périodique Mycologia Helvetica est édité par la Société Mycologique Suisse (S.M.S.). Il paraît deux cahiers par année. Rédaction: H. Göpfert, Alpenblickstrasse 53, CH-8630 Rüti. Pour les membres de la S.M.S., le coût de l'abonnement est compris dans la cotisation annuelle (SFr. 50.—). Les demandes d'abonnement et de renseignements complémentaires sont à adresser à Madame Dr B. Senn-Irlet, Institut de Systématique et de Géobotanique de l'Université, Altenbergrain 21, CH-3013 Berne.

Mycologia Helvetica

La Mycologia Helvetica è pubblicata dalla Società Svizzera di Micologia (SSM). Ogni anno si pubblicano due quaderni. Redazione: H. Göpfert, Alpenblickstrasse 53, CH-8630 Rüti. Per i membri della SSM l'abbonamento a Mycologia Helvetica è compreso nel contributo sociale (Fr.sv. 50.— all'anno). L'ordinazione di abbonamenti e per ulteriori informazioni rivolgersi alla D.ssa B. Senn-Irlet, Istituto di Geobotanica Sistemica dell'Università, Altenbergrain 21, CH-3013 Berna.
