JOURNAL OF THE INTERNATIONAL SOCIETY

LEONARDO

FOR THE ARTS SCIENCES AND TECHNOLOGY

Executive Editor: **Roger F. Malina**

Managing Editor: **Pamela Grant-Ryan**

Main Editorial Office: **LEONARDO**, 2020 Milvia, Suite 310, Berkeley, California 94704, U.S.A.

LEONARDO is a unique international journal for artists and others interested in the contemporary arts. Particularly concerned with the interaction between the arts, sciences and technology, LEONARDO has no restriction on artistic tendency, content or medium. We feature articles written by artists about their own work, discussions of new concepts, materials and techniques, and subjects of general artistic interest.

"Most art books and magazines are about the product of art, with lots of four-color pictures to wow you. LEONARDO is the opposite. It's pure process, pure tool-TECHNIQUE-of the most advanced, most refined, most in fact modern of arts. I view this publication with the same contemporary fascination as 'Science' or 'New Scientist'. They announce the present (i.e. future)."
