De Ateliers was founded by artists with the intention of providing young colleagues with the opportunity of developing their talent in a professional climate.

teaching artists

Ben Akkerman

Stanley Brouwn

Alan Charlton

Participants work independently in their own studios. Their work is critically supervised by experienced fellow-artists (teachers and guest-teachers), who make individual studio visits once a week.

In addition to the twenty private studios, there are technical workshops for common use.

Studios for young European artists

Applications are open to young artists (aged approx. 20-27 years) who are looking for a suitable transition from art-school to professional practice.

A stay at De Ateliers is limited to 2 years.

The selection of students is made on the basis of submitted work. An interview may be required.

The Dutch Ministry of Culture, which subsidises De Ateliers, provides a yearly scholarship to each student. De Ateliers can provide living-quarters.
