First Circular, June 1984

*14th General Meeting of the
International Mineralogical Association*

13–18 July 1986, Stanford University, Stanford, California, U.S.A.

Sponsored by the Mineralogical Society of America and
the United States Geological Survey

14th General Meeting of the International Mineralogical Association

The Mineralogical Society of America and the United States Geological Survey invite you to attend the 14th General Meeting of the International Mineralogical Association, which will be held on the campus of Stanford University, 13–18 July 1986. Stanford is located 50 km south of San Francisco and is about 33 km from the San Francisco airport.

Scientific Program

The program will include symposia and plenary lectures organized by Commissions, Working Groups, and the Program Committee. There will be oral and poster sessions organized according to the subjects of contributed papers. Complete details will be given in the Second Circular and in various mineralogical journals.

Publications

All contributions will be published as “extended abstracts” that will be available at the meeting and that will be considered as published articles. There will be no proceedings volume published after the meeting has concluded.

Language

IMA Council has decided that the official language of the meeting will be English.

Accommodation

Housing for most members will be in dormitories of Stanford University. Accommodation will be mostly in rooms for two people; bath and toilet facilities are available on each floor. For those wishing other accommodations, there are many motels and hotels adjacent to the Stanford campus. Complete information will be given in the Second Circular.

Important Dates

Second Circular: 1st September 1985
Abstract deadline: 1st March 1986
Preregistration deadline: 15 April 1986
Third Circular: 15 May 1986

Further Information

The Second Circular with a call for papers will be sent in June 1985 to all those returning the attached form.
