Preparation and Submission of Manuscripts

- The Journal neither favours nor excludes any research orientation. Manuscripts may be submitted in German, French or English. Articles are considered on their merits and in relation to the overall suitability of the journal. All manuscripts are subject to review by the editorial committee and by independent experts, whose names are not disclosed.
- Contributions should be accompanied by a statement that they have not already been published, and that they will not be submitted for publication elsewhere without the agreement of the Editor-in-Chief.
- It is understood that manuscripts accepted for publication are subject to editorial revision.
- Articles should not exceed 50'000 characters or 8'000 words. They should be accompanied by an abstract of approximately 650 characters or 100 words, and by five keywords. Abstract, keywords and the main title of the contribution should be delivered with a translation in French, German and English.
- Titles have to be hierarchically numbered (1.1 Title).
- Footnotes (no Endnotes) are to be used sparingly and they should not be used for references. Any notes should be numbered consecutively throughout the article, except those in tables and figures.
- Tables should be numbered consecutively and presented separately, one to a page, at the end of the text. The data on which diagrams and figures are based must be provided (preferably in MS Excel format). No text should be included within diagrams. Tables and diagrams should bear a descriptive title and any notes should be numbered. The location where tables and figures are to be inserted are marked as follows: # table 1 about here #.
- Manuscripts submitted for publication should include a cover page (full name of all authors, institutional affiliations, as well as the full mailing address and e-mail address of the corresponding author). The authors should not be identifiable in the body of the manuscript.
- Authors must observe the usual rules and practices regarding the reproduction of copyright material in their articles, assuming responsibility for obtaining permission where appropriate.

Manuscripts should be addressed by e-mail to Pascale Gazareth, Submission Manager, Swiss Journal of Sociology, Institut de sociologie, Université de Neuchâtel. E-mail: socio.journal@unine.ch.

Responsibility and Copyright

The responsibility for opinions expressed in signed articles rests solely with the authors. The Swiss Journal of Sociology and the Swiss Sociological Association owns the copyright for the published articles. The publication rights in print, electronic and any other form and in any other language is reserved by the Swiss Journal of Sociology and the Swiss Sociological Association.

The Swiss Journal of Sociology was established in 1975 on the initiative of the Swiss Sociological Association. It is published three times a year with the support of the Swiss Academy of Humanities and Social Sciences.

The journal is a multilingual voice for analysis and research in sociology. It publishes work on the theory, methods, practice, and history of the social sciences in English, French, or German.

Although a central aim of the journal is to reflect the state of the discipline in Switzerland as well as current developments, articles, research notes, debates, and book reviews will be accepted irrespective of the author's nationality or whether the submitted work focuses on this country.

The journal is understood as a representative medium and therefore open to all research areas, to a plurality of schools and methodological approaches. It neither favours nor excludes any research orientation but particularly intends to promote communication between different perspectives. In order to fulfil this aim, all submissions will be refereed anonymously by at least two reviewers.
