At the end of the same period in 1931 the figure stood at 27,783, there is therefore an increase of over 30,000 since last year.

SWISS ALPINE CLUB.

At the annual meeting of the Swiss Alpine Club, which was attended by 161 delegates representing the 83 sections, it was reported that the membership of the club had increased by 320 to 30,004, and that there was a surplus of 4,162 Swiss francs. It was decided to spend 79,500 francs, of which the Netherlands Alpine Association will contribute 25,000, on rebuilding the old Egon von Steiger hut on the Lütschenflücke (10,530ft.). It will be known in future as the Lütschenflücke-Hollandia Hut. During the 1931 season the club's 112 huts were used by 65,900 persons.

THE SWISS PETROL DUTY.

Switzerland is faced with a Budget deficit of 69,000,000 francs, and naturally the thoughts of the Confederation's financial advisers turn immediately to petrol. It is rumoured that the intention is to make up some 10,000,000 to 20,000,000 francs of the deficit by increasing the duty on petrol, although it is pointed out that Parliament gave its consent to the previous increase only on condition that a proportion of the additional yield was handed over to the Cantons for road maintenance purposes. The duty on petrol was raised from 50 francs per metric ton to 100 francs in 1921, and was again increased to 200 francs in 1923. All the well-known arguments against the over-taxation of motor fuel are being advanced in the Swiss public Press, and the *Neue Zürcher Zeitung* adds: "Economic policy appears like a seven-sealed book to the ordinary citizen. He cannot understand why economists wail about the decay of our export industries and at the same time do their best to destroy those industries totally. An increase of the duty on motor spirit is a blow at the existence of industry."

BIRMINGHAM CHILDREN IN SWITZERLAND.

Eleven children went out on Thursday, December 1st, and will be taken by Mr. Kunzle and two nurses. There is a waiting-list of forty suitable cases awaiting vacancies.

Miss Cockeram has been staying at Davos during the past fortnight. She said it was rather pathetic to bring the six children back, as none of them wanted to return and they were perfectly happy in their beautiful surroundings. She has been surprised at their general good behaviour and the way that the whole scheme has been organised.

SWISS CUP, ROUND TWO, Replay.

Montreux 6 Montier 4

The winners meet Urania in the next round.

Grasshoppers continue to eat them all up, whilst the other leaders, Young Boys, have developed a penchant for drawn games. Poor Aarau once again was swamped. In 7 championship matches they scored seven times and "pocketed" 31 goals and in the Challenge National they have lost the two games 5:0 and 9:2. That was a different Aarau we knew some twenty years ago!

In the First League Challenge the results are showing no surprises. Luzern did very well against Cantonal and St. Gall almost did the unexpected in a heavy scoring game against Grenchen. So near, and yet so far! M.G.
