The bank note circulation was 1,281,000,000fr., an increase of 5,000,000fr., which is nearly equivalent to the rise recorded last year for the same period. On July 31st the gold reserve represented 81.91 of all the engagements of the Bank.

DR. HAAB'S 70TH BIRTHDAY.

Dr. Haab, late Federal Councillor, has celebrated his 70th birthday anniversary on Thursday last.

He rendered his country great services during almost half a century. Dr. Haab was, in 1899, elected a member of the "Obergericht" of the canton of Zurich; nine years later he entered the cantonal government. In 1911 he was appointed General Manager of the Swiss Federal Railways, and in 1917 he left this post to become Swiss Minister in Berlin as successor of the late Dr. von Planta. A year later, he succeeded Dr. Forrer as Federal Councillor. His resignation from the government, a few years ago, was universally regretted. Two years ago the Federal Council has appointed Dr. Haab, Chairman of the newly organised board of the "Banque Populaire Suisse" (Schweiz. Volksbank), in his letter of acceptance, he wrote, "I wish to render my country a service, and therefore do not require any payment."

ADMIRAL LUIZ EMILIO BELART. †

The death which was announced some time ago in the Daily Press, of Admiral Luiz Belart, commander-in-chief of the Brazilian Navy, at the age of 72 has revealed that the deceased was the son of a merchant from Brugg who emigrated to Brazil. Admiral Belart, attended in 1875 till 1879 the Bezirksschule in Brugg, after his return he entered the Brazilian Navy to which he belonged for over 40 years. In 1925 he was appointed commander-in-chief, but owing to ill-health he soon afterwards retired from his post.

CHEAP SWISS HOLIDAYS.

In order to assist in restoring prosperity to the hotel and tourist industry in Switzerland, a Swiss Hotel Plan has been evolved by Mr. G. Duttweiler, a prominent Swiss business man, which provides a considerable reduction in the fares to Switzerland and concessions in hotel rates.

For example, a nine days' tour to the Lake of Lucerne district is offered at eight and a half guineas, which includes the return fare from London to Switzerland — third class fare in England and Switzerland, second class in Belgium and France — hotel, board, season ticket for mountain railways and lake steamers, and free entry into casinos, lidos, and amusement resorts.

ALPINE ACCIDENTS.

Two Germans, Herr W. Stosser and Herr P. H. Seybold, of Pforzheim, started last Thursday morning from the Gspaltenhorn hut to climb the Morgenhorn. In the afternoon, as they had not returned, the keeper of the hut examined the mountain through his telescope and noticed that an ice cornice under which the two men had been climbing had collapsed. A search party failed to find them, and it is feared that their bodies are lying in an ice conclair which will be very difficult to reach.

A young man of St. Gallen fell while climbing on the Kasten and was killed. This brings up to 100 the number of persons killed since the beginning of the year while climbing in the Alps.

LES SUISSES A L'ETRANGER ET LA MERE-PATRIE.

Par GERHART SCHURCH, Berne.
Article publié "Dans Mon Pays"

(Continued).

Nos autorités militaires comptent sur la volonté servir de nos concitoyens de l'étranger. 25,000 hommes de plus ou de moins, pour une petite armée comme la nôtre, ne sont pas quantité négligeable. La taxe d'exemption du service militaire payée par les Suisses à l'étranger libérés du service personnel représente elle aussi une prestation dont nos cantons se passeraient difficilement. La grande majorité de ceux qui, dans nos colonies, réclament avec insistance une réforme du relèvement de cette taxe, n'entendent pas par là que les Suisses à l'étranger en soient complètement dispensés; ils désirent simplement que la façon de fixer et de percevoir la taxe militaire soit plus équitable et tienne compte dans une plus large mesure des circonstances.

Notre pays va au-devant de jours difficiles. Autour de la Maison Suisse, l'air est agité; à l'intérieur, on est depuis longtemps inquiet. L'esprit nouveau qui souffle un peu partout ne saurait nous laisser indifférents, mais il ne doit pas nous faire oublier que la Suisse est toujours allée à la ruine, chaque fois que, pour imiter l'étranger, elle oublia l'esprit qui l'avait fondée: l'esprit de l'homme libre qui, au-dessus des races, des langues et des confessions, entend rester uni à son frère confédéré, l'esprit qui place, par delà tout intérêt particulier, l'intérêt général de la Confédération Suisse.
