PROF. DE BEER'S TALK ON ENGLISHMEN IN SWITZERLAND.

The Nouvelle Société Helvétique was fortunate in securing Prof. de Beer once again on December 16th for a talk connected with his untiring love and interest for Switzerland. The lecturer is too well known to all of us for leaving any doubt in the minds of the organisers of the success of the evening. A record crowd attended the lecture and was spellbound both by the charm of delivery and the substance of the lecture. It was devoted to early English visitors from 1650 to 1850 in Switzerland. With an unrivalled knowledge of the topography and history of Switzerland and a phenomenal memory for a thousand and one details Prof. de Beer let us experience the reactions to our country of some twenty early English visitors, famous or less well known. We will not attempt to give a résumé of this rich parade of characters and their comments on Switzerland. We must content ourselves to thank Prof. de Beer most warmly for this further treat of so many treats he has given us in the written and the spoken word.

— THE BLOOD

Do you know that your blood is like a defending army within a fortress? The Red Corpuscles, if normal, are a strong, virile, efficient force which mans the walls and repels all attacks of disease. Weak Blood decreases the supply and multiplication of the health-defending Red Corpuscles, leaving the fortress (your system) vulnerable to the attack of any disease or epidemic that comes along.

Dr HOMMEL'S HAEMATOGEN

makes straight for the Blood. Its special constituents are so balanced that they are absorbed through the digestive tract immediately into the Blood. They build up the Red Corpuscles at a terrific rate incorporating into the Blood an enormous recuperative force and an ever-increasing power to resist and throw off disease.

Dr. Hommels Haematoxin is not a patent cure-all — but a combination of scientific elements that are prescribed and heartily recommended for men, women and children by more than

10,000 MEDICAL MEN

Don't experiment, go straight to your local Chemist and get a trial bottle — test it faithfully for a week and note the amazing difference in your health, activity, vitality and appearance. Guaranteed harmless to the most delicate constitution.
