**SWISS YOUTH CLUB.**

Slowly the modest club for young Swiss in London, opened by Monsieur Escher on January 10th in the subsidiary Legation building at Grosvenor Square, is getting into its strides. With the co-operation of the Rütli Ladies' Club dances with a good band are being organised every Saturday until further notice, while the number of those making use of this quiet *piéd à terre* on Tuesdays and Fridays is also beginning to show an increase. The question of furnishing is, however, still not solved to a sufficient degree. Offers of the loan of club chairs, rugs and book shelves, etc, would therefore still be welcomed. More urgently we are in need of a good radio set and a gramophone with dance records. Finally modest donations in cash would be much appreciated. All offers should be addressed to the Acting-Chairman, Swiss Youth Club, Mrs. A. Isacco, 86, Duke Street, Grosvenor Square, W.1. Details of opening times at the club please see advertisement.

Strike at the Root of the Disorders — **THE BLOOD**

Do you know that your blood is like a defending army within a fortress? The Red Corpuscles, if normal, are a strong, virile, efficient force which mans the walls and repels all attacks of disease. Weak Blood decreases the supply and multiplication of the health-defending Red Corpuscles, leaving the fortress (your system) vulnerable to the attack of any disease or epidemic that comes along.

**Dr. HOMMEL'S HAEMATOGEN**

makes straight for the Blood. Its special constituents are so balanced that they are absorbed through the digestive tract immediately into the Blood. They build up the Red Corpuscles at a terrific rate incorporating into the Blood an enormous recuperative force and an ever-increasing power to resist and throw off disease.

Dr. Hommels Haematogen is not a patent cure-all — but a combination of scientific elements that are prescribed and heartily recommended for men, women and children by more than
