SWISS BOYS AND GIRLS CAMP.

A sufficient number of boys have been notified so far for participation in a camp, for which the N.S.H. has a beautiful site and tent available. But we are still without volunteers as camp leaders. We urge such, of both sexes, to come forward with offers for taking charge at week-ends or longer periods during holiday times. Notifications of boys and girls wanting to take part in camping when leaders have been found are accepted in writing by the Hon. Secretary N.S.H., 18, Montague Place, W.1.

MORNING.

The glorious sun leaps from the mountains
And laughs to see them sparkle with glee
He catches the snow in the rays of his brightness,
And sets the leash of an avalanche free.

He clutches the spray from the crest of a fountain
And crushes it into a thousand jewels
Then flings it back to the golden waters
To the shivering, shimmering mountain pools.

EVENING.

The cowbells sound from the depths of the valley,
The air is clear and cool and fine;
The breeze that drifts from the crests of the mountains,
Brings the warm sweet smell of resinous pine.

The sunlight fades from the golden heavens,
The snow on the peaks is tinged with fire;
The eagle wheels to his lofty eyrie,
And the cattle return to their lowly byre.

Trust our Club Secretary for resource.
He's even managed to get a tin of Nescafé!

Just a spoonful in the cup; add near-boiling water
and there's a cup of stimulating fragrant coffee. Good
to the last spoonful, for Nescafé's roaster-fresh aroma is
sealed in until the moment you
add water.

Nescafé is a soluble coffee
product composed of
coffee solids, with dextrins,
maltose and dextrose,
added to retain the aroma.
