SWISSAIR OVERHAUL AMERICAN AIRCRAFT AT GENEVA.

Swissair have just signed a contract with the American Authorities in Germany to the effect that our National Company is entrusted with the special periodical overhaul of Douglas Dakotas. The servicing will all be done in the Swissair workshops at Cointrin Geneva. The first machine is due to arrive on about the 15th July.

About one year ago Swissair was one of the first Companies in Europe to obtain the "Aircraft Repair Station Certificate" of the American Air Ministry, authorizing the right to overhaul and repair registered aircraft of the United States.

The Contract which has recently been signed is a new token of the confidence in the rank of Swissair personnel and the technical establishment of Swissair.
