Switzerland now has two Communist parties; Léon Nicole, expelled from the Worker's (Communist)

Party in December 1952 for "deviation" has formed a rival group called the Progressive Party.

Like the Workers' Party, it advocates close friendship with Russia and the "Peoples Democracies" and is opposed to rearmament.

A RETIREMENT.

Our countryman, Mr. J. F. Beer, principal Chef de cuisine at the Grand Hotel, Birmingham, is shortly retiring from his position.

Mr. Beer trained in Davos, later going to Claridges Hotel, London. After several years in West End Hotels, in 1926 he went to the Queen's Hotel, Birmingham, but was shortly afterwards appointed to his present position at the Grand Hotel, a post he has held for 27 years. He is an old member of the Swiss Club, Birmingham.

We are extending to him our best wishes in his retirement.

SWISSAIR TRAFFIC IN FEBRUARY.

Point to Point Passengers	24,726	18,886
	+ 31%	
Offered ton/miles	3,109,338	2,013,426
	+ 54%	
Average Utilisation Grade on the scheduled service	54.4%	65.1%

The offered Ton/Miles in February slightly exceeded the actual budget. Compared with the same month of the previous year, offered capacity increased by 54%. Against this large increase we have an increased utilisation of 29%. Demand therefore did not keep pace with the offered capacity which, despite the remarkable increase of 31% for point to point passengers, reached a utilisation of 54.4%. Compared with February 1953, our increased achievements are due to the use of larger aircraft and to the fact that during this winter season, the summer programme has not been drastically reduced as in previous years.
