A most unusual view

Take a look through the reflex viewfinder of the Bolex P4. You've probably never seen anything quite like it. The double image, superimposed when the camera is focussed, extends right over the field of view. Inevitably, you focus more accurately, more quickly. Just one of the many things about this great camera that means better films. Just one of the many good reasons for paying £109. 19. 6. to own it.

The best.
