MORE THAN 100 YEARS OF CONFIDENCE Swiss Life introduces International Group Insurance Services in the U.K.

On 26th September, Swiss Life and Pension Company, Switzerland's oldest and largest insurance company underwriting life business ("Rentenanstalt"), formally announced the opening of its U.K. Branch which has offices in Liverpool and the City of London.

The Insurance Company was established in Zurich in 1857 and today has a staff of 2,000. At a news conference at the Hilton Hotel in London, Dr. Homberger, Chairman of the Board of Governors, Prof. Wyss, General Manager, and Dr. Ammeter, Manager and Chief Actuary, as well as the U.K. Manager, Mr. J. W. Manaton, described the Company's activities and their concept of modern international group insurance, with emphasis on international pension funds.

"SWITZERLAND—ITS RAILWAYS AND CABLEWAYS, MOUNTAIN ROADS AND LAKE STEAMERS"

Switzerland's geographical position astride the main alpine mountain chain with peaks rising as high as 14,000 feet, and with few passes below 6,000 feet, has presented her road and railway engineers with some challenging constructional problems found nowhere else in Europe to the same extent.

In his book, Cecil J. Allen describes the fascinating conquest of the mountains by mainline railways, roads, rack-and-pinion lines, funiculars and free-swinging cable-cars, both in providing trunk routes and in opening up the delights of the High Alps for the millions of tourists and winter sports enthusiasts. It is magnificently illustrated with more than 190 black-and-white photographs.

Published in July 1967 by Ian Allan Ltd., Shepperton. Price 45s. 250 pages.
