HAVE YOU FLOWN DC-9 YET?

(The latest from Douglas, a Swissair 75 seater that is tailor-made for European service: the most modern design in ultra-comfortable seating with more leg and elbow space - 2 or 3 abreast, more windows, and quietness with speed. Basle can now be reached in less than 1½ hours.)

For scheduled flights from London to Basle and Zurich (and Manchester to Zurich from this winter) there is only one airline with this new aircraft.

SWISSAIR of course!

The same airline that has up to 8 passenger flights a day from London and Manchester to Switzerland.

The same airline that has regular all-cargo services, in addition to large freighter capacities on passenger flights.

The same airline that has connecting services for passengers and freight onward in Europe, and beyond to the Middle East, Africa, the Far East, North and South America.
