Victory in the air and on the ground gives massive savings of space and labour

Series 449: Cradle rack storage system (for section storage)

Top: Series 88: Sheet, strip and coil storage Series 240: for section or sheet storage

The problems of steel and metal storage are over! Acrow offers a total solution with Acrowrack Series 240, Series 449 and Series 88 systems with wide adjustability to different requirements, having complete safety and reliability.

There's Series 240: A Cantilever System. Build it tall – up to 48 feet. Its upright columns are double box constructed in steel plate. Rock solid and with a wide range of standard

sizes to suit your needs. We've computer analysed load capacities and the choice runs into thousands. Instantly adjustable arms to carry up to 10,000 lbs. each!

There's Series 449: A high density Storage System. For solving storage and handling problems from above. Acrowrack Series 449 gives you benefits you may not even have imagined. It could double your storage space.

Movement is swift. Perfect stock control. Free as air. No detours. No dangers. Minimal labour. Protects your stock. The unique Acrow tong positively locks into the cradle. (There's a wide range of cradle sizes.)

Finally, there's Series 88: for economic storage of sheet, coiled strip and coil.

So there it is. A combination to solve your storage problems. Swiftly. And simply. Get details today!
