THE FULL TREATMENT

The beauty business is booming at Interlaken's Beau Rivage Hotel in Switzerland's Bernese Oberland.

When Beau Rivage manager and keep-fit enthusiast Mr. Joe L. Gehrler organised an experimental programme of beauty and fitness weeks at the hotel in the summer of 1974, he received 170 bookings.

In 1975 he expanded the programme, and reservations increased to 700. This year his target is 1,400.

For this year prices are being held at last year's level of Sw.Fr. 860 per person (Sw.Fr. 930 for a single room), for which the guest receives full board/diet and accommodation for one week, and individual treatment and attention at the hotel's ultra-modern Sw.Fr. 2.3 million Belmilon beauty and fitness centre.

There's a resident cosmetician and a masseur and the week's programme ranges from skin care and saunas to candlelight dinners and a farewell gala buffet at the end of it all – even for those who choose a diet menu.

About half of last year's bookings – men and women – came from Swiss themselves, and most of the others were from neighbouring West Germany and France. This year Mr. Gehrler wants to attract more guests from Britain. He is currently making the first of several one-man sales promotion visits to London, during which he is to have talks with leading tour operators.

Claims Mr. Gehrler: "We are definitely the only Swiss hotel offering such extensive beauty and fitness facilities."

A NEW IDEA – TRAM AND BUS DAY TICKETS FOR SWISS CITIES

An innovation in Switzerland is the introduction of tram and bus tickets valid in different Swiss towns. The Federation of Swiss Transport Undertakings, in association with the transport services of 20 towns, is issuing a booklet containing ten one-day tickets and costing Sw.Fr. 35. Thus for Sw.Fr. 3.50 the user can travel as much as he likes on trams and buses in Aarau, Baden, Basle, Berne, Biel/Bienne, La Chaux-de-Fonds, Fribourg, Geneva, Lausanne, Locarno, Lucerne, Logano, Montreux/Vevy, Neuchâtel, St. Gallen, Schaffhausen, Solothurn, Thun, Winterthur, and Zürich. The booklets are obtainable from municipal transport selling points, Swiss Federal Railway stations and from the offices of the Automobile Club of Switzerland (ACS) and the Swiss Touring Club (TCS).

LUGANO – HOBBY HOLIDAYS

The Migros Club School is organising again this year special hobby holidays including Yoga, Modelling, Drawing, Painting, Pottery, Horse-Riding, Photography, Filming, Water Ski-ing, Tennis, Wind-Surfing and Italian Language.

Prices start from Sw.Fr. 265 – for full board, from Sw.Fr. 230 – for demi-pension and from Sw.Fr. 150 – for bed and breakfast for seven nights, excluding fees for the various courses.

LESSONS FROM THE CHAMP

Eurotel of Switzerland is offering an extra attraction this year to ski-ing enthusiasts spending a week or more at its St. Moritz hotel – lessons from former world and Swiss champion Dumeng Giovanoli.

Giovanoli was world champion and Olympic silver medallist in 1968, and won the Swiss title nine times.

Instruction courses – which are intended for experienced skiers only – will be held from mid-June to late October.

The cost per person is from Sw.Fr. 596, which includes Eurotel half-board and accommodation for a week, and instruction under Giovanoli on the slopes of the 10,000 feet Piz Corvatsch.

There are other instruction courses for less experienced skiers.

DROP IN SWISS CLOTHING IMPORTS

During recent years, Swiss clothing imports had regularly increased to a greater extent than exports. However, a reversal of the trend occurred for the first time in 1975. Imports, with the exception of footwear, dropped by 9.4 per cent compared with 1974 and amounted to 1,468 million francs, whereas exports increased slightly to amount to 438 million francs, i.e. 0.6 per cent more than the previous year. The drop in the mean values of imports (–6 per cent) and exports (–3 per cent) would suggest that present world marketing difficulties have led to a price war between clothing manufacturers. The main suppliers, in order of importance, were West Germany, France, Italy, Austria and Hong Kong. For the first time, in 1975, Yugoslavia and South Korea were numbered among the ten leading suppliers. Inexpensive articles from Asia accounted for 13 per cent of imports in 1975, compared with 10 per cent in 1974. On the other hand, clothing imports from Portugal, Great Britain, Austria, Belgium and France fell off considerably. With regard to Switzerland's exports, over 50 per cent were sold in Austria and West Germany. The main export markets for the Swiss clothing industry also include Sweden, Japan and France. While exports to Portugal showed a drop of 70 per cent in 1975, those to Germany increased by 50 per cent.
