Inn on the Park. After dark

Apart from being quite the most beautiful hotel in London, the Inn on the Park is also quite the most perfect rendezvous. It's the place to meet after dark, after theatre, after a hard day's work, after anything. It also lets you start any evening as you mean to go on. In style.

There's the military splendour of the Vintage Bar. Or the Four Seasons Bar, just large enough to ensure that the only thing that's crushed is the ice in your drink. And speaking of comfort, the Inn on the Park has one of the few really civilised lounges left in London.

In fact, such is the attraction of

starting or concluding any evening at the Inn on the Park, that people naturally wish to spend the middle of it with us as well. For these discerning people we have a delicious alternative.

Lounge

The Vintage Room

The Vintage Room is that rare thing. A sophisticated night spot where you can dine like a king and dance with your hands around your partner, not your ears. Live music and

very much alive atmosphere till 2a.m.

For those for whom gastronomic pleasures are to be taken seriously, there is the Four Seasons Room. Unquestionably, this is one of Europe's finest restaurants. Created by people who know about good food for the remaining few who really appreciate it. The service is pure magic and the ambience pure Inn on the Park. Try it. After dark.

Was your company under the weather last summer?

Then install Acro-Kool drinking water coolers.

Remember the summer of '75? When the temperature suddenly shot up into the 80's, and stayed there for weeks?

Remember how it affected your work-force – and their output?

The more the temperature increased, the more efficiency decreased. The hotter it grew, the quicker tempers flew. And the more man-hours you lost.

Stop sweating Install an Acro-Kool free-standing water cooler before things begin to warm up this summer. Each unit supplies instant chilled water on tap, whenever it's needed; keeping your workers refreshed, their tempers cooled and their efficiency up.

There is a wide range of Acro-Kool water coolers suitable for almost every application. They are easy to install and maintain and can be positioned practically anywhere. Can you afford not to find out more about them?

Write for details.
