Conference Theme: Information for and by the Swiss Abroad.

Would you like to own this car and save money on everyday driving costs?

Surprisingly, the ownership of a classic Rolls-Royce or Bentley can save you money, providing your car is serviced and maintained by genuine specialists.

There is an example of how I saved £1,290 over a period of two years. I bought a 1961 Bentley in 1975 for £1,850 which I used for two years and travelled 15,000 miles. The running costs including petrol and insurance were £1,510, thus my total investment was £3,360. On resale in 1977 the car realised £4,650, thus making me a neat £1,290 profit, tax-free.

By way of comparison my Renault 16 cost £1,250 s/h at around the same time. Maintenance and running costs for the same period and mileage were £865, bringing my total investment to £2,115. This car, if sold today would fetch approximately £900. One can easily deduce from this comparison that ownership of the Bentley was in the region £2,500 to my profit and advantage, not to mention the far superior charm and comfort that a car of the Bentley's distinction offers to the discerning and caring driver.

It is not easy to acquire at realistic prices any quality article, that has been hand-finished by only the best engineers. Poor workmanship is unfortunately one of the illegitimate offsprings in an age that succours mass production.

It is in this area that our specialists' services can be of use to any discerning classic car owner. We are a small Company specialising in the SALE, SERVICING, Restoration and after-sales Service of Rolls-Royce and Bentleys of any VINTAGE. We pride ourselves in first-class workmanship with meticulous attention to detail. We are in fact Specialists.

If we can be of service to you, please do not hesitate to call our Mr. P. Fischer for further information and to arrange a test drive.

Stocklist available on request.
