No 112

During 1988 the BLS Railway, which crosses Switzerland's mighty alpine backbone via the Lotschberg tunnel, has been celebrating 75 years of successful operation. To commemorate this event two locomotive parades and a variety of special trains and special excursions combining electric and steam trains with steam paddle ships were arranged. The first parade of electric locomotives took place at Frutigen, the second parade featuring steam locomotives from all over Europe took place at the picturesque station of Darligen. This is the official souvenir video tape of these and many more events which took place during the celebrations.

No 113 Swiss Railway Journeys Volume II. Interlaken to Brig.

A tourist view of the railway.

Swiss Railway Journeys Volume I followed the scenic rail journey from Luzern to Interlaken. Naturally Volume II starts in the unrivalled scenic splendour of the high alps with a timeless journey to the top of Europe on the world famous Jungfrau Railway. From Interlaken the first stop is Spiez where the lake cruises of the BLS, travel to the historic town of Thun. Turning inland the BLS strikes straight through the heart of the beautiful Kander Valley before descending to Brig in Canton Wallis, to finish where the journey began amidst the high alps in Zermatt at the very foot of the mighty Matterhorn. Also featured are many cable cars and funiculars which provide spectacular views from the mountain tops, and visits to the many attractive villages along the way.

Made with the full co-operation of the railways of the Jungfrau Region, the BVZ and the BLS.
