EINE SCHWEIZER REISE.

The inauguration of a new combined transport service, between Luzern and Lugano, 'The William Tell Express', is to be marked by the production of a video film of the same name. The main supporters of this programme being the SBB, the SGV and RV Television make this the official video record of this unique journey, the first half of which consists of a lake steamer journey then a connection with a special train, over the Gothard pass, containing in its make-up a dome-car of the legendary 'TEE Rheingold Train'.
