JOHN COCKING

Three Great Alpine Railway Journeys

This one hour documentary video programme combines three of the world's greatest Alpine Railway journeys, all beginning from the high Swiss resort, Kandersteg.

The first railway journey is over the Bern–Lötschberg–Simplon to Spiez and Zweissimen. Here the metre gauge Superpanoramic Express for Montreux is waiting. The return route is via the Rhone Valley to Brig and over the Southern ramp of the BLS.

The second journey is to the Top Of Europe, Jungfraujoch. At over 11,000 feet this is Europe's highest railway station. The journey and the views are stupendous.

The last journey is to Brig for the Glacier Express to Andermatt. The return is through the Gotthard to Luzern and over the Brünig to Interlaken and then Kandersteg.

This wonderful programme shows the trains and the fantastic Swiss scenery. The programme has a full commentary.

JOHN COCKING

JAHRE ANNI ONNS Rhätische Bahn 1989

RHÄTISCHE BAHN 1989

During 1989 the wonderful Swiss metre gauge line, the RhB, celebrated its 100th birthday with a series of celebrations. Our cameras were there to record the major events including the visit of the ICE and TEE to Chur, the Prätigauer festival and the celebration on the Bernina Line.

The RhB's first locomotive, steam engine Number 1, returned to the railway and she features heavily in this one hour documentary. There are also ancient boxcabs and crocodiles in abundance. The video was shot over virtually the whole RhB network including the mountainous Albula and Bernina lines. The programme has full commentary.
