700th Anniversary of the Founding of the Swiss Confederation

This took place in Battersea Park on 29 June. By courtesy of the Swiss National Tourist Office we were able to occupy a large space in one of the tents. An operating model railway based on RhB practice and continuous performance of Swiss railway video films were on offer.

8000 people attended the celebrations and at times it seemed that they all wanted to get into our tent. In between meeting old members and recruiting new ones, we found ourselves answering a wide range of questions about Swiss Railways put to us by members of the general public.

Rail Industries Fair - Midland Railway Trust - Butterly Derbyshire.

Very early on the morning of Saturday 6 July found the 6ft x 6ft portable railway mentioned above on its way down the M1 for this two day event. Butterley was a good proving ground for the robust nature of the layout, being subjected to extremes of temperature and dust which enabled a few bugs to be ironed out. Hopefully it will be on show at the Old Horticultural Hall, London, 14-16 November.

Although the throughput was less than at Battersea, a reasonable amount of interest was generated and, again, new members were recruited. We had the pleasure of the assistance of the Chairman of the East Midlands Branch, Glyn Jones, on the Saturday 🇨🇭
