The History of the Gotthard Railway.

A 512 page English language - not transaltion - hardback book on the history of this fascinating area of Switzerland. Covering the period from 961 AD, starting with the life of Bishop Gotthard, up to the present day.

The book starts with a minds-eye journey over the Gotthard Pass from North to South, and continues with coverage of the early road system, freight haulage companies, French invasion, postal system and the building of the road up to the present day motorway and tunnel and concludes with the building and operation of the main-line railway.

The majority of this book covers all aspects of the Gotthardbahn company from construction up to the ultra-modern railway that exists today.

520 illustrations of locomotives, coach and freight stock, including line drawings of all Gotthardbahn coaches and wagons as well as construction stock. Gotthardbahn trackplans for major stations. Drawings also include the current passenger rolling stock and specialised freight stock. Stock lists for both Gotthardbahn and SBB stock.

Price £32:50 + £5 postage [UK]. Overseas postage at cost. Was £45:00.

NO credit cards accepted.
