WHAT TO DO ON YOUR HOLIDAYS

Summer is here, some of us will be going to Switzerland and as usual there are a myriad of things to do. Equally usual is the lack of publicity surrounding many of them, particularly the rail-related specials. It is getting easier with the use of web-sites but if any of our Swiss friends who are a part of these could let the organisers know about us I would be eternally grateful. I must acknowledge the help of Paul Russenberger, who provided the framework for the Rail Specials and Steve Horobin, Duncan McKay, George Hoekstra and Malcolm Hardy-Randall for their help in preparing the following pot-pourri of ideas to keep you, your loved ones and your families entertained during the summer.

I recently met up with Peter Rüegger of SGV and he was able to let me know of the special trips and sailings for this year. SGV of course run timetabled boats from all parts of the Vierwaldstättersee in and out of Luzern but the added attractions of the special sailings can make a fantastic day or evening out. For the more romantic amongst us, and there must be some I'm sure the evening cruises in particular could add a new dimension to the holiday.

PADDLERS

In summer 2002, the following main services are normally operated with paddle steamers:

09.15 to Flüelen	Daily
10.15 to Alpnachstad	Weekdays in July and August
11.15 to Flüelen	On Sundays
11.20 to Flüelen	Daily, 1st May-28th October
13.15 to Flüelen	Daily
14.00 to Alpnachstad	Weekdays in July and August
15.20 to Vitznau	Daily
(Schedules are subject to change)	

UNTERWALDEN TURNS 100

In 2001, Switzerland's oldest paddle steamer, the *Uri*, celebrated its 100th birthday. This year the 100 year-old *Unterwalden* is in the spotlight. It was built by Escher-Wyss in Zurich in 1902 and was entirely overhauled between 1982 and 1985. The highly attractive salon in the new Italian rococo style was created by Filippo Cassina in Milan. The inlay work in the parquet floor as well as the glass etchings in the doors are particularly noteworthy. Thanks to its chimney, which can be lowered, and its collapsible ventilators and masts, the *Unterwalden* is the only paddle steamer which can pass under the Acheregg Bridge to cruise on Lake Alpnach. (See the letters pages)

Various festivities will take place in 2002 and at the height of summer a roll-piano will lend the salon a lively coffeehouse atmosphere.

THE SWISS PATH

11 years ago, the scenic Swiss Path walking trail was opened. The Swiss Path is a joint cantonal effort in commemoration of Switzerland's 700th anniversary (1291 to 1991). It starts at Rütli Meadow, birthplace of

the Confederation, and ends at Brunnen. Each canton designed one segment of the trail (there are 5mm of trail for each citizen). The trail is accessible via 8 boat landings, 3 stations, a funicular railway and 4 bus lines.

From March 29 to September 27, 2002, SGV considerably increases the number of its Luzern – Lake Uri trips. The Hike-Express "Swiss Path" leaves Luzern at 8.32 in the morning in order to bring the hikers to the trail in good time. On Sundays and public holidays, the stopovers Rütli, Bauen, Isleten-Isenthal and Flüelen are also served twice a day in both directions. A special brochure featuring all details about the trail and its sights can be ordered at SGV for SFr1.

THE NEW TITLIS

In 1951 the motorship *Titlis*, with a capacity of 400 passengers, was built in the Navigation Company's own shipyard. Since the launching of MS Waldstätter in 1998, the *Titlis* has been used primarily for special occasions. The last day of service was April 29, 2000, following which reconstruction at the SGV shipyard in Luzern began. The passenger capacity was reduced from 400 to 250 passengers. On the main deck the 2nd class salon contains 62 restaurant seats and 70 outdoor seats. The 1st class salon holds 28 restaurant seats. An elegant glass staircase leads to the upper deck, seating 60 persons outdoors. Since August 2001 the revamped ship has been employed for chartered and special cruises departing from its home marina in Brunnen.

WINING AND DINING ON BOARD

On all the main routes, SGV offer breakfast, lunch, coffee/cakes, and dinner depending on the time of day. There are also specific cruises offering special meals.

Breakfast cruise (Zmorge-Schiff): Every Sunday morning, as well as on official holidays, passengers can enjoy a breakfast buffet. Spring, summer and autumn: Departures from Luzern to Lake Kussnacht at 10.20; in winter: Departure at 9.15 to Vitznau (Rigi) and Beckenried (Klewenalp). Breakfast is also available daily on all other ships leaving Luzern or Flüelen before 10.20.

Year-round lunch cruise: Daily departures from Luzern at 12.03, arrival at 13.44. The trip leads to Weggis and Vitznau along the Rigi.

SUSHIP - the Sushi-Ship: Saturday evenings from August 17 to September 14. Roundtrips, departing from Luzern at 21.00, Returning at 22.40, featuring a large fish and vegetarian buffet.

Cruise with a Chinese fondue: Friday evenings from March 29 to May 17 and from September 27 to October 25. Evening cruise featuring salad buffet, Chinese fondue and other fine dishes. Luzern, departure 19.15, roundtrip on panoramic motor ship, arrival 21.44.

Sunset dinner cruise: Daily, from 19th May to 22nd September. A saloon motor ship leaves Luzern at 19.15 and returns at 21.44 (on Tuesdays in July and Tuesdays and Wednesdays in August operated by paddle steamer). Various fish and meat dishes with a salad buffet.

FAMILY-FRIENDLY CRUISES

The Junior Card issued by the public transport authorities (SFr. 20.00) under the motto "Accompanied children up to 16 years travel free" is, of course, also valid on Lake Luzern. In addition, SGV does not apply a steamer surcharge, which could otherwise be expensive for families. With the travel guide "Walking trails for Baby Carriages" the SGV demonstrates how family-friendly it is.

EVENING CRUISES

Evening cruises with music and food: Special tickets starting SFr. 24.00 to SFr. 30.00. Guests celebrating their birthday travel for free!

Every Friday in July and August with paddle steamer. Departures from Luzern (19.20), Kastanienbaum, Hergiswil and Stansstad. Dixieland, standards or folk, according to the special program. Further cruises Tuesdays or Wednesdays from Buochs, Beckenried, Vitznau, Weggis, Brunnen, Seelisberg, Gersau and Flüelen. Music according to special program.

Night Boat (Swiss folklore): With music, dancing, and folklore. From May to September, departure at 20.45, arrival at 22.15.

SPECIALS IN SWITZERLAND 2002

The companies and groups shown below have published their intention to run steam and other special trains and details are shown as far as they are known. Obviously, it is wise to contact the organisation to be absolutely certain of the arrangements; the usual disclaimer that no responsibility is taken as to the accuracy of the data applies. The telephone numbers given are those applicable from within Switzerland, and remember that you have to use the area codes at all times, even from within the local area.

Planned public steam trains on 23rd June & 1st August between Herisau and Wasserauen. For those that don't know the loco used is an ex-RhB Ge 3/4. Also every Sunday from the 7th July an historic train between Gossau and Wasserauen using one of the AB's three historic Triebwagen, one of which dates from 1911.

SOMETHING A LITTLE DIFFERENT FOR A DAY OUT

New, to me at least, is an initiative from the LEB. Every Sunday from the 23rd of June to the 8th of September they have introduced a trip into the Jorat and Gros-Vaud. From a transport perspective there are many different types of transport from all eras. Added to this is the attraction of a day out in the country at a pace slow enough to appreciate it.

Board a modern LEB or TL train from any station to Lausanne and head for Place du Tunnel in the City Centre. From there take the TL bus, which should be no. 62, to Chalet-à-Gobet. You must take the 12.04 bus from Tunnel as this specifically connects with everything else. On arrival you will be taken by horse-drawn carriage to Etagnières, passing Montheron Abbey. From Etagnières there is a connection to Bercher using either the historic railcar or the steam service mentioned above. You can return home by whatever train you wish. The ticket is called the "Jorat Express".

Information and reservations can only be made at Lausanne-Chauderon, telephone 021 624 82 41.

OWING TO A MECHANICAL PROBLEM WITH THE STEAM ENGINE USUALLY USED ON THE SERVICES THE SUNDAY STEAM SPECIALS HAVE BEEN WITHDRAWN INDEFINITELY

WINE AND CHEESE ON THE MOVE

Despite the problems with the steam services the RBS still has much to offer. The highlight this year is a Wine and Cheese party, every Friday between May 31st and August 30th from Bern using the restored railcar known to the RBS as 'Pendler-Pintli'.

Leaving Bern RBS at 19.20 and returning by 21.30 the train runs as far as Jegenstorf where it reverses and then travels to Worb and back to Bern. During the journey there will be at least seven choices of wine, cheese and other delights. Reservations are essential, and must be made at least 24 hours in advance. These can be made at any RBS/asm travel agency or at the RBS counter in Bern Bahnhof or by telephone on 031 310 03 50. Tickets must also be collected at least 24 hours in advance. You can even buy gift vouchers for others to use!

RBS WANDERWEG BERN-SOLOTHURN

Like many commuter railways the RBS is often ignored by the enthusiast. This is a shame as it crosses some peaceful, picturesque and relatively flat countryside. In turn this means that the area is ideal for walkers who want a gentle stroll with their families rather than the more energetic mountain expeditions favoured by many. To this end the RBS has helped develop a path between Bern and Solothurn.

The RBS Wanderweg Bern-Solothurn is ideal for all ages having easily divided stretches that can be walked as the mood takes one; it is also easily reached with the frequent connections offered by the railway.

If you did want to do it in one day then you should allow 9^{1/2} hours, but the four suggested sections take between two and three hours apiece. The leaflet, which is available from the RBS, either via the website or from the Bern RBS counter, gives a brief description of each part together with suggested refreshment halts en route.

Also en route are two local museums well worth a visit; Schloss Jegenstorf which dates from the 17th century and is dedicated to Bern life and culture; Schloss Landshut Utzenstorf on the other hand dates from the 12th century and was once the seat of the Bernese Landvögten. It is now a museum of the outdoors, nature and hunting. Opening times are restricted so it is always best to check before making a visit.

If any of our members do give this walk or museums a try then please send in some pictures and comments. The RBS operates a minimum 30-minute frequency from all its stations almost all day every day, including Sunday. This alone should make the area worth a visit!

THE ZEPPELIN MUSEUM - GEORGE M HOEKSTRA

Elsewhere in this issue, you will find an article about the new "Tageskarte Euregio Bodensee". The press conference took place at the Zeppelin Museum in Friedrichshafen. This is a most interesting museum about one of the most spectacular forms of transport the world has seen. Since its opening in 1996, more than 1.5 million visitors have come to this, the world's largest exhibition about airships. Its most spectacular show-piece is a 33-metre (100 ft) long exact replica of both the inside and outside of a quarter section of the famous LZ 129 *Hindenburg*. Numerous films and photographs tell the story of the role of the airships in civil aviation; regular Transatlantic services to New York and South America; excursions into Africa and the Orient. As these were troubled times, the military also took a keen interest. Although the airships, being filled with hydrogen gas were potentially vulnerable, artillery at the time was unable to reach them for quite a few years. When they did, it was all over. The museum has 30 computer terminals, which give plenty of information in English and German. Opening times are: April to October on Tuesdays through Sundays from 10 am till 6 pm (5 pm in April). Entry costs €5.50 for holders of the Euregio Bodensee Tageskarte.

Although unfortunately we had no time for a proper visit at the press conference, I had ten minutes to run around and take some photographs. On my previous visit some time ago, I had no more film left, having taken lots of pictures of trains in the area – yes, nobody is perfect. . .

Part of the quarter-section replica from which one can appreciate the huge dimensions!

Postbus **SWISS POST**

Postbuses are rightly famous: the skill of the drivers, the reliability of the vehicles and timings, the connections and the scenery available make for an exciting journey. This year several new offers and tours are being introduced. It is not always realised just how extensive is the contribution made by the Postbus system to tourism in general. Having worked in the UK bus and coach industry all my life the quality of Postbuses, the comfort offered and the facilities never cease to surprise. None of this ridiculous requirement for low floor buses on long inter-urban routes, comfort and safety is the prime object. Enough eulogising, let's look at an alternative to the train and which does not involve much walking!

THE THREE PASSES

From a variety of different stops in the Bernese Oberland the journey takes you across the Susten Pass with a splendid view of the Steingletscher Glacier. Lunchtime is in Andermatt with its great choice of restaurants. From here the journey continues across the fantastic Furka Pass with a view of the Rhône Glacier and the little village of Gletsch in the Obergoms Valley. Finally the PostCar reaches the Grimsel Pass at an altitude of 2165m above sea level. The journey continues through the wild romantic Haslital Valley and along the deep blue Lake of Brienz returning to the starting point. A description of the route and a small souvenir will be given to each passenger. Departures are every Tuesday and Friday from June 25th until September 20th and possibly until October 15th. The tours leave from Grindelwald, Lauterbrunnen, Interlaken, Brienz, and Meiringen.

CHAMPAGNE CLIMATE AND CAPPUCCINO TREAT

Swiss Postbus are offering new Switzerland round trips this year. The tours are a combination of travel on the traditional yellow Postbus, railway and overnight stays in Best Western hotels.

The impressive 4-day journey 'Champagne Climate and Cappuccino Treat' takes you through the holiday areas of Graubünden and Ticino with the starting point in Chur to which you travel by train on the first day from wherever you are. On the 2nd day the journey leaves from Chur to Valbella/Lenzerheide and from there across the Julier Pass to Silvaplana. From there to St. Moritz. On the 3rd day the one can look forward to an unforgettable journey from glaciers to palms. The Palm Express takes you across the Maloja Pass into the beautiful Bergell Valley. Further into your journey you will pass through Italy, along the y-shaped Lake Como and along Lake Lugano into sunny Ticino and to the town of Lugano, where you will spend the last night in Lugano complete with its Mediterranean flair and charm. The return journey is by train on the next day.
