BERN -

BUSES, TRAMS, TROLLEYBUSES

By R.I.Smith

An innovative full colour book on a CD

This comprehensive, fully illustrated and detailed book contains the history and current successful exploitation of the Bern public road transport system. There are coloured pictures of each type of bus, tram and trolleybus, showing each side of the vehicle, with technical details and full engineering drawings. Apart from the technical interest, this will be invaluable to modellers who can enlarge or print out whatever is needed. Other sections include pictures of service vehicles, the large "Oldtimer" fleet, and a network map. The CD runs on PC or MAC. To produce such a full colour comprehensive story as a conventional book would have resulted in a selling price in excess of £30 - this electronic format brings the price down to only £9.95, plus postage of £1.

As a special offer to S.R.S.members, the CD is offered at £7.95 including UK postage, (£8.95 outside UK) direct from (and cheques payable to) Mr. R.I.Smith, "Rhus", Banff Road, Keith, Scotland AB55 5ET. e-mail: ronald-smith@lineone.net
